

## Pope Paul VI Pleads For Peace

NEW YORK (AP) — With a "God bless you all!" Pope Paul VI today returned to his "spiritual city" at the end of his history-making bid for peace in the "terrestrial city" of men and their governments.

"We shall never forget this extraordinary hour," he said in farewell. An estimated 3.8 million, the greatest outpouring in metropolitan annals, had acclaimed his to-and-fro passage, from one stirring scene to another.

And in the chancelleries of the nations, powerful men weighed the impact of this white-clad wayfarer's impassioned summons to quit war and lay down their arms. So did plain citizens.

"We must make our own the cause of peace," he

told a vast host of them, massed under the stars at Yankee Stadium. "Serve it!" He quoted his Lord, "Blessed are the peacemakers."

In a swift, day-long round of unprecedented confrontations, with the great and many of America, with President Johnson, and before the United Nations, he pressed that same urgent exhortation.

"If you wish to be brothers, let the arms fall from your hands," he implored the U. N. General Assembly. He challenged it to make real its noble oath: "No more war, war never again!"

He met also, in brotherly intimacy, with Protestant, Orthodox and Jewish leaders, and both he and

they pledged mutual labors in behalf of international conciliation.

Then, before he departed, he stopped off at the World's Fair, and as fireworks lit the air, he declared, "We have offered our prayers to Christ . . . whose message of peace and concord we have come to proclaim."

Thoughtful statesmen of the world's communities found promise in the dramatic papal mission. "All of us . . . will draw inspiration" from it, said U. N. Secretary-General U Thant, a Buddhist.

It "may incline all states to do their utmost to make this organization a truly universal instrument of peace," said the President of the 117-nation General Assembly, Amintore Fanfani of Italy.

And as the head of the mightiest of the countries, President Johnson, said the Pope's striking personal appeal "may be just what the world needs to get us thinking of how to achieve peace."

### Throngs Shout 'Hooray'

Throughout his 14-hour visit, along the packed, meandering miles into the city, in gatherings at St. Patrick's Cathedral and elsewhere, the Pope met a rousing clamor of cheers, applause and music.

"Hooray! Hooray!" the throngs shouted. "Long live the Pope!" Police Commissioner Vincent Broderick gauged the total turnout of those who saw the Pope in person at 3.8 million, exceeding the crowds which in the past have saluted returning American heroes along Broadway.

Countless others, in this country and abroad, watched via television.

It was the first visit of a reigning pontiff to the Western Hemisphere. The 8,560-mile round trip was the longest papal journey ever taken.

### Mission Unique, Simple

Unlike the Pope's religious pilgrimages last year to the Holy Land and to India, the Western expedition was unique in its purpose and significance.

It put the world's most far-reaching religious leadership directly into the forefront of international affairs, at a crucial moment of history, seething with conflict and fear of nuclear arms.

Yet there was a simple, grave humility in the Pope's demeanor as he moved about the city, asserting the primacy of peace. "I am a man like any of you," he observed from the U. N. rostrum.

But he added forcefully, "We are bearers of a message for all mankind."

Later, as his remarkable excursion neared its close with the mammoth nighttime worship service at Yankee Stadium, he told the more than 90,000 gathered there:

"Let us rejoice."

"This is the day which the Lord has made; let us rejoice and be glad today! This is the day which we have desired for centuries."

Soaring hymns reverberated across the packed steel and concrete tiers. "Praise to the Lord, the Almighty." The vast congregation joined in a litany of prayer.

"That God may grant peace to all peoples and instill trust in place of fear in the community of nations," a lector intoned.

And the multitude responded, "Grant this O Lord, we humbly pray."

Pope Paul, vested now in a cross-embroidered chasuble, led the celebration of Mass on a canopied central altar, banked with greenery and yellow chrysanthemums.

"Must Serve Peace"

"You must serve the cause of peace," he pleaded in his sermon, "and not make use of it as a cover for cowardice or selfishness, which refuses to make sacrifices for the common good."

About 3,000 non-Catholic Christians took part in the service. The interdenominational aspect of the Pope's mission also was pointed up in a gathering.

## LBJ: 'Visit Just What World Needs'

NEW YORK (AP) — President Johnson says Pope Paul VI's visit to New York "may be just what the world needs to get us thinking of how to achieve peace and getting us to make progress in that area."

The Pope said he was very happy that his 50-minute private conference with Johnson Monday "revolved about a mutual desire to work for peace."

After the first meeting of a President and Pope in this country, the two world leaders invited five newsmen to the living room of the presidential suite at the Waldorf-Astoria Hotel to view a formal picture-taking session.

Talk About Peace

The two men spoke without notes. The Pope had an interpreter.

Johnson said he and Pope Paul discussed possible routes to peace and talked "in some detail" about current trouble spots in the world — India and Pakistan, Viet Nam, the Dominican Republic and others.

The Pope said he and Johnson discussed possible routes to peace and talked "in some detail" about current trouble spots in the world — India and Pakistan, Viet Nam, the Dominican Republic and others.

Chinese planes intercepted the aircraft and downed the one, the broadcast said.

The President said "we discussed . . . the great progress made by the United Nations in trying to provide help in these trouble spots."

The two men, who conferred prior to the Pope's address to the United Nations, also discussed efforts to fight illiteracy and disease throughout the world, the President said.

Thanks President

Johnson, speaking with obvious pride, said: "His Holiness expressed his pleasure at our not only talking about education and health but our acting on it in this country."

Pope Paul's interpreter re-

played this statement to news-

men: "His Holiness says he has come here to pay his respects to the President of the United States . . . and also to thank the President for having made this trip from Washington to New York to meet His Holiness. He is very happy that this discussion has revolved about a mutual desire to work for peace."

The Pope and Johnson sat on chairs for photographers, and Johnson invited the five reporters to approach the chairs.

Mrs. Johnson, dressed in black, joined the President and the Pope just before the Pope left the hotel to resume his fast-paced itinerary. The Johnsons' younger daughter, Luci Baines Johnson, who was baptized a Roman Catholic on her 18th birthday July 2, also was present.

Johnson Inspired

The President is a member of the Christian Church (Disciples of Christ). His wife, Lady Bird, is an Episcopalian.

Bill D. Moyers, White House press secretary, said at a news briefing later that during the conference Johnson addressed the Pope in the traditional form, "Your Holiness."

After the meeting with the Pope, Johnson introduced Vice President and Mrs. Hubert H. Humphrey, Secretary of State Dean Rusk and Arthur J. Goldberg, ambassador to the United Nations, and his wife.

At the news briefing, Moyers quoted Johnson as saying he was "stimulated and inspired" by the Pope's visit.

At the session with the five reporters, Johnson said: "The

entire world is indebted to His Holiness, as I said to him in our private conversation, for the sacrifices he has made in coming on this long trip across the water to provide leadership in the world's quest for peace. His Holiness and I discussed ways and means of advancing that cause."

Johnson left the hotel 10 minutes after he bade farewell to the Pope. He flew back to Washington and arrived at the White House in time to watch a telecast of the Pope's address to the United Nations.

Crowds Behave During Visit

NEW YORK (AP) — New York's police, tackling their biggest assignment, blanketed the city so thoroughly that they had to make only two arrests during the visit of Pope Paul VI.

The department assigned 18,000 men to the pontiff Monday.

Two men were arrested outside St. Patrick's Cathedral during the Pope's noon visit and accused of being pickpockets.

All leaves for the 26,000-man force were canceled Monday. Commissioner Vincent L. Broderick estimated the department would pay \$1 million in overtime.

The commissioner said some 3.8 million persons saw the Pope along his motorcade route and at his stops.

## Southern Democrats Help Filibuster On Union Bill

WASHINGTON (AP) — Southern Democrats take over from Republicans today a filibuster aimed at killing repeal of a ban on union shops.

A veteran of several civil rights filibusters, Sen. Sam J. Ervin Jr., D-N.C., will captain the Dixie forces for the day as they try to block with words Senate Democratic Leader Mike Mansfield's motion to bring the repeal bill to the floor.

The filibuster began Monday under the leadership of Repub-

lican Leader Everett M. Dirksen, and Wednesday GOP senators will hold the fort again. For this newly forged coalition of 25 Southern and Republican senators has decided to alternate daily efforts to frustrate the White House-backed drive for passage.

Administration forces have decided to leave most of the talking to opponents for the time being. Mansfield, their leader, skipped Monday's session to be in New York for the visit of Pope Paul VI.

The bill to repeal Section 14B of the Taft-Hartley law was passed by the House July 28 and is on President Johnson's list of "must" legislation.

Unions are anxious to have the Taft-Hartley law provision repealed, for under it 19 states have made the union shop illegal. A union shop agreement is one in which employees covered

by the union contract are required to join a union.

To crack a filibuster requires two-thirds of the senators present and voting, and supporters of the bill confess they haven't got the votes to accomplish this.

Dirksen said time is on his side. "Members of Congress are fatigued and battle-weary," he said. "They want to go home."

He said his staff has compiled 3,000 editorials on the subject and commented: "I may be compelled to read all 3,000 and more."

## Police Arrest 106 Marchers

NATCHEZ, Miss. (AP) — Police arrested 106 marching, shouting young Negroes Monday night, then brought back their leader to help control other Negroes who pushed toward some 150 heckling whites.

Negroes filled the street when officers loaded a bus with arrested demonstrators. They shook their fists and yelled to police: "Get those klansmen out of there."

Among the whites who had gathered a half block from a Negro church, where the march started, was E. L. McDaniel of Natchez, Mississippi, grand dragon of the United Klans of America.

Police kept the whites and Negroes separated although both groups surged at one another.

Rudy Shields, a Chicago Negro and NAACP worker, took a bullhorn from police and told the Negroes: "You are defeating your own purposes. Get back. Go back inside the church."

But the jeers continued from both sides.

About 30 minutes later, a police car returned to the area with Charles Evers, NAACP state field secretary who was one of the first arrested.

Evers ordered the demonstrators to go home, saying: "There's no point in causing any trouble. If you want to be free, there's no point in us fussing and fighting and cursing and shouting."

## Indonesian Rebel Resistance Dies

SINGAPORE (AP) — Reports from Jakarta today said organized rebel resistance in central Java appears to have collapsed.

The reports, sent through diplomatic channels, said small pockets of rebel forces were still scattered throughout the central part of Indonesia's main island but these were believed to be ill armed and poorly led.

The diplomatic reports said an American businessman, who was not identified, drove the length of Java in the past two days and found very little fighting.

Report Rebels Friendly

The American reportedly encountered rebel forces but found them quite friendly. He reported that many people he had spoken to in central Java were supporters of Lt. Col. Untung, the leader of the attempt last week to overthrow President Sukarno.

Radio Malaysia reported today that the army forces in control of Jakarta had begun a crackdown on Communists in the capital, arresting 200 Red supporters. Without giving the

source of its report, it added that 5,000 people at a rally in Jakarta had demanded that the Indonesian Communist party be banned.

Meeting Called

Jakarta Radio announced that Sukarno had called a meeting of his political and military high command Wednesday at his summer palace in Bogor, 40 miles south of the Indonesian capital. The meeting was expected to shed some light on the murky political situation in Indonesia.

The army high command reportedly ordered the crack Siliwangi Division into central Java to clear out the rebels. The latter's main strength seemed to come from units of the region's Diponegoro Division.

Another Malaysian radio report said armed Communist units were using guerrilla tactics to harass government troops along the main roads between Jakarta, Bogor and the mountain resort of Bandung, 75 miles southeast of Jakarta.

Another Malaysian radio report said armed Communist units were using guerrilla tactics to harass government troops along the main roads between Jakarta, Bogor and the mountain resort of Bandung, 75 miles southeast of Jakarta.

## Pope's Visit Raises Hope For Humanity

### Let States' Rights Ring!

Probably the only fundamental issue left to confront the current session of Congress is the question whether the individual states should be permitted to exercise their rights under the Constitution. In this field of freedom is opportunity to work.

This is probably the most fundamental issue ever to confront this Congress or any other Congress because it is a fundamental test of States' Rights as against the continuous and relentless encroachment of federal power, in direct violation of the Constitution over the guaranteed rights of the several undivided states of the United States.

Much of what President Johnson has done in the last several months through his

dynamic political ability and his astute statesmanship should be appreciated by members of both parties. However, we must remember that, according to the Constitution, we are supposed to operate under three separate facets of political ideological understanding emanating from the British common law: namely a separate executive, a separate judiciary—the United States Supreme Court—and a legislative system called the Congress and the Senate. And in between the three is a rather ubiquitous States' Rights.

These relationships relating to the several constitutionally designed branches of our federal government have become clouded in the political mysticism of the egocentric era of Churchill, Roosevelt,

Truman, Eisenhower and other important political personalities, who may have had sound reasons at the time for their demarcation of economic and political world spheres of influence.

No person could question their best judgment at the time, but the times of Yalta and Potsdam and other secret treaties must be ended in the best interests and the preservation of the constitutional concepts of our Founding Fathers and to hammer together a system of government that derives its strength from the freedom of individuals and the preservation of their individual rights.

In this dynamic world in which we are living, impetuousness of high authority sometimes questions the wisdom of the Founding Fathers.

However, it should be remembered that they lived in a period of great wisdom and contemplative evaluation of previous political systems that sometimes had their downfall in the excessive saunas of the Roman Empire or the trivial attitude of Marie Antoinette, who said that, with bread wanting, "Let them eat cake." Those who wish to delve into the perennials of political history over the last few centuries will find in their public library much research material on which they can base the probabilities of the current race for power.

Mussolini and his concubine wound up hanged by their heels; Hitler and his concubine died in a bunker in Berlin. Trujillo stabbed a few million dollars in Swiss

banks before he got knocked off; one of our Southern friends who specialized in hoarding money, women and fast cars made a name for himself in South American history. His name is well known in Venezuela. Juan Peron was a great dictator and many follow in his shadow in a test for power. Castro is one of the Johnny-come-latelys in this Latin power grab.

It is obvious that they have not done their homework too well, otherwise they would have learned from the bitter and sordid experiences of the Mussolinis, the Hitlers and other egocentric individuals who have tried to re-map the world.

We are living in an age of

(Please turn to Page 6, Col. 5)

## Soviet Satellite Heads For Moon

MOSCOW (AP) — An unmanned Soviet satellite headed for the moon today and possibly history's first soft lunar landing Thursday night.

The scientific instrument package Luna 7 was launched Monday from a multistage rocket. Tass said Luna's course was "close to the prescribed one" and that all systems aboard the spacecraft were functioning normally.

The Russians made no announcement on the specific purpose of the flight, their third moon shot this year. But it was believed to be another attempt to make a soft landing on the moon, to photograph its surface from close up, and to act as a dry run for a manned lunar landing.

Today's Chuckle

Isn't it odd that middle age always starts a few years earlier for the other fellow?

## Public Works, Traffic Control At Record High

A successful year in public works attainment and the establishment of new records in effective traffic law enforcement were reported to the City Council by City Manager George Harvey recently.

The manager was out of the city for three weeks, first touring the East on vacation and then attending an international convention of city managers in Montreal.

The rebuilding of Lake Shore Drive from Sylvan Point north was the major project of the year and included storm drains, curb and gutter and paving. All of the paving assessment work has been completed in the city except 1st Ave. S. from 23rd to 25th St., which was delayed because of bad weather, reported Kenneth Touthak, public works superintendent.

### Traffic Control

The crews are now working on the sanitary sewer on 12th Ave. S. between 9th and 23rd Sts., and it is hoped to have this project completed within the next two weeks, it was reported.

"When this job is finished, we will have completed all of the special assessment work except the alleys which we plan to do the first thing next spring," said City Manager Harvey.

While the public works department has been busy meeting construction schedules despite bad weather, the police department has been setting new records in the enforcement of traffic laws, the city manager reported.

A new high for the police department in issuing traffic court summonses for moving

traffic violations was set in August with 123 tickets. Of this total, 68 were for speeding violations, and of these 17 were issued with the use of radar speed timing equipment.

### Parking Tickets

Another all-time high was in parking meter enforcement, when Escanaba's meter maid issued 1,893 tickets in August.

In keeping the City Council informed, the city manager advised that following a recent meeting in Escanaba the State Highway Department gave the assurance that "the trees on Memory Lane would remain." The Department had earlier suggested the removal of the trees as a traffic safety measure.

City managers of the Upper Peninsula will meet in Iron Mountain on Thursday and Harvey said that he is hopeful the managers will support legislation which would bring additional street and road revenues. The cities of Michigan would have their participation in motor vehicle revenues increased from 18 to 20 per cent.

## Highway M 28 Project Slated

State Highway Director Howard E. Hill today announced the scheduling of a special bid-taking at 11 a.m. Oct. 21, in the Memorial Union Building in Houghton.

Bids will be taken on a 14.52 mile project of widening and repair on M 28 from U.S. 41, east to near the Laughing Whitefish River Bridge in Marquette and Alger counties.

The proposal calls for widening of M 28 to a full two lanes (24 feet) and the repair of four bridge structures on the 14.5 mile project.

Estimated at approximately \$1,370,000, the project is scheduled to be completed in Oct. 1967.

### Blue Sheep?

DENVER, Colo. (AP) — Employees at Denver Union Stockyards were startled to see 200 blue sheep. Officials said the animals apparently had been dyed by pranksters Monday.

DELTA UNITED SERVICES opened its downtown headquarters Monday in the office of the Delta Furnace Co., 904 Ludington St. Archie Freeman, left, president of Delta United Services is shown around the office by Al (Bud) Pearson, who is donating the space. With them is Bonnie Butts, daughter of Major and Mrs. Orville Butts of the Salvation Army, who will donate her time during October as campaign secretary. The offices will be open daily from 10 a. m. to noon and 1 to 3 p. m. Office telephone number is ST 6-7403. (Daily Press Photo)

## Paper Industry Executive Heads Timber Producers

Glen Garlock, Argonne, Wis., and area supervisor for Consolidated Papers, Inc., has been elected president of the Timber Producers Association, Inc., of Michigan and Wisconsin at a meeting of directors.

Orton Henning, Weber Veneer Co., Shawano, Wis., was elected vice-president; Marjorie Westing, Westgor Lumber & Trucking, Wittenberg, Wis., was re-elected treasurer; Lloyd Palmer, Crandon, Wis., was re-elected executive secretary and manager.

The Association Division vice-presidents are as follows: Lumber - Rhinehart Krause, Algoma Lumber Co., Algoma, Wis., newly elected.

Veneer - Russell Lee, Birds Eye Veneer Co., Escanaba.

Pulpwood - Unto Makela, Makela Forest Products, Ne-gaunee.

Truckers - Alton Ison Jr., Monico, Wis.

New directors are: Alexander Waupoose, Menominee Enterprises, Neopit, Wis.; Henry Bannack, Frost Veneer Co., Antigo, Wis.; Jack Shebanski, Vulcan Corp., Houghton, and Guy Nordine, Nordine Lumber Co., Kenton, Mich.

## The D. U. S. Story:

# Salvation Army Observes 100th Charitable Year

(EDITOR'S NOTE: This is another in a series of articles about the agencies which benefit from the Delta United Services drive.)

The War on Poverty launched by President Lyndon Johnson isn't new. The Salvation Army has made it a part of its program for 100 years.

This year is the Centennial year for the Salvation Army. For 52 of those it has operated in Delta County.

"A hundred years ago there was a great stirring of compassion for human beings living in degrading conditions," said Maj. Orville Butts of Escanaba.

"William Booth began his work as an evangelist among poverty-stricken slum-dwellers in the East End of London, where he found the most appalling living conditions. He thought it mockery to talk about their souls while their bodies were perishing with hunger."

"The primary purpose of the Salvation Army is and always has been to bring people into the right relationship with God," Maj. Butts continued. "But the Salvation Army is also concerned with the whole man — with his physical as well as his moral and spiritual needs."

To that end, the Salvation Army maintains a wide variety of programs designed to assist anyone who needs assistance.

"Perhaps you already know that your donation of unwanted materials might meet an emergency for some family and help them rebuild their lives," Maj. Butts said.

The Salvation Army sponsors character building programs for young people of all ages, including boy's clubs, Sunbeam troops, fresh-air camps, etc. It also operates a missing persons bureau and through the years thousands of people have been re-united with their families through efficient and tactful service.

"Just recently we were able to trace the whereabouts of a man whose mother had been inquiring about him from Sweden for the past nine years," Maj. Butts said.

Members of the Salvation Army's League of Mercy keep busy visiting lonely people in hospitals and convalescent homes, bringing spiritual uplift as well as material gifts. The Army has also been on the

job in disaster situations supplying canteen services and assistance to disaster victims. Its Red Shield Clubs provide activities for servicemen when they are overseas.

"To many people the Army is a charitable organization which supplies Christmas baskets and toys to the needy," Major Butts said.

"This is true, but the Army is also on the job year around giving out thousands of garments and shoes and supplying meals and other needs to people regardless of race, color, creed or religion."

## Justice Can't Be Member Of School Board

LANSING (AP) — An individual may not serve both as a justice of the peace and member of a local school board at the same time, Atty. Gen. Frank Kelley ruled Monday.

Kelley said the state Constitution's provision on separation of powers rules out serving in two different branches of government at the same time—in this case, the judicial and executive branches.

## JA Organizes Three Firms

Escanaba Junior Achievement signed up its 75 members and, meeting with advisors, got off to an enthusiastic start for a year of learning and working in a program designed to teach the processes of the free enterprise system.

Dwayne Burak, JA program manager, said he was impressed by the response from the young people, students of Escanaba Area High School and Hly Name High School, who are enrolled in the program. Three companies were organized and products were selected for manufacture and marketing. Each company has 25 members and they sell stock to finance the operation, manage and produce and gain basic business experience.

The names of the three companies and their products for the year are:

Profo — aluminum coat hangers; Profocon — lint removers; E. J. A. — nylon puffs.

The advisors are John Gries, Rudy Ostlund, George Miller, Sam Batat, Dennis Willey and Fen Sandefer. They are all associated with industries of the Escanaba area.

Next week the JA companies will elect officers for the year.

## Pope Ignores Special Car

NEW YORK (AP) — A special \$15,000 limousine was placed at the disposal of Pope Paul VI for his journey through New York, but he didn't use it.

The pontiff rode in a limousine regularly used by Mrs. Lyndon B. Johnson.

A Ford spokesman said the switch was made because a papal representative felt the pontiff should not ride in the open in the chilly weather Monday.

## Obituary

### MRS. YOUNKENVITCH

Funeral services for Mrs. Gertrude Youkenvitch will be held Wednesday at 9 a. m. at St. Thomas the Apostle Church with Father Arnold Thompson officiating. Burial will be in Holy Cross Cemetery. Friends may call at the Crawford-Degnan Funeral Home after 4 p. m. today and parish prayers will be offered there at 8 this evening.

Andrew Jackson acquired the nickname of "Old Hickory" in the War of 1812.

## County Urged To Vote Jets

Escanaba Kiwanians were urged to vote "Yes" on the Dec. 6 election proposal of 2 mills for one year to make capital improvements at Escanaba Airport at their luncheon meeting at Marco's Monday noon.

Speakers were John Anthony, chairman of the special Airport Study Committee which reported its findings recently to the Delta County Board of Supervisors, and Charles Sedenquist, of Wells, chairman of the board. The program was arranged by Walter Lewke, secretary of the Escanaba Chamber of Commerce.

Anthony emphasized that airports and airport facilities are important to business and industry development today. He cited that Escanaba area industry supported the airport improvement program by their willingness to bear the biggest part of the cost of the work, which would extend the long east-west runway 1,500 feet to 6,500 feet so it could accommodate the North Central jet airliners coming to the Upper Peninsula in 1968, and provide a new terminal building and facilities. The 2 mill levy for only one year would raise about \$152,000 and this would be matched by state and federal funds in a ratio of 25-25-50.

**Help On Taxes**  
Anthony told the Kiwanians that the project would help local government and the local economy by stimulating industry and creating more taxable assets in the community.

Sedenquist said he had been convinced that the airport work is needed for the good of the area and that he hopes it will be accepted by the people of Delta County with a "Yes" vote on Dec. 6.

The airport improvement, said Sedenquist, would bring a benefit to the whole county in improved communications and transportation and stimulation of the economy.

He said that the board of su-

pervisors' reaction to the proposal of the special study commission of board members and industrialists that the county take over the city-owned airport to spread its cost and its control over a bigger area would be influenced by the Dec. 6 vote. If the people of the county vote to improve the airport it will guide the board, he said, in which type of take-over and management it may provide.

**No Board Decision**  
He said there would be no county board decision on the future of the airport until after the election.

Anthony stressed the urgency of time in the decision. He said that the Michigan Department of Aeronautics has accepted the calling of the election as the first step in an application for matching state funds in the 1967 state budget for improvement of the local airport. A "No" vote would kill the project for 1967 aid so the airport would not be ready for jets when the airline starts jet service in 1968.

Escanaba Airport is in good position for development of a jet runway as it owns the land for the extension and terrain presents no big problems of development like that at Marquette Airport where runway extension will cost from \$800,000 to \$1 million because of the need for rock removal.

## The Old Man and his Sons

An old man was worried because his sons were constantly quarrelling. One day he asked each one in turn to break a bundle of sticks tied together by cord. No one could. Then the father gave each son a single stick. "Now try," he said. Each son broke his stick with the greatest of ease. "See, my sons," he said, "the power that is in unity. Alone you will surely fail."

The principle of life insurance is based on unity and strength in numbers. When you become a policyholder of the Sun Life of Canada, for example, you join a large group of far-sighted men and women who are protecting their future and the future of their families through the medium of life insurance.

Life insurance is my profession and I am at your service. Why not call me today? You will be under no obligation.

## Regional Planning

The Area Redevelopment Administration didn't work out very well — so poorly in fact, in Washington's judgment — that Congress refused to extend it. Instead it created the Economic Development Agency. EDA has even more money than ARA had, which is in the Washington tradition of Richardson's law: If a thing fails, spend more on it.

The success of the Appalachia venture in Congress (not in Appalachia yet) was bound to stimulate a great political cry of "Me too!" It started rather casually with President Kennedy's promise during a West Virginia primary campaign to do something about the poverty of the region. President Johnson blew cool on it as a billion dollar bite on the federal treasury, but after a personal trip to the 11 state area he sent the legislation to Congress.

When our own Senator Phil Hart and others suggested that Appalachia wasn't the only depressed area of the country President Johnson asked that they add no riders on the Appalachia bill to take care of their own retarded areas and in the aftermath the northern Lake States, New England, Ozarka, the Great Plains and another area in the west became eligible for the new EDA bill, which authorizes expenditures of \$660 million a year.

The political potential of this gimmie is limitless. It is the Washington view that in a few years only a few states — including bedbug poor Mississippi — will be outside the regional planning authorities with their hands in this federal till.

First step in the EDA plan will be the creation of regional study commissions under federal and state auspices to determine what should be done. Uncle Sam will pay the full cost of this inquiry. The study plan will then be implemented with federal grants. Shaping up is a regional development bill like the omnibus rivers and harbors bill of park barrel ill fame.

Senator William Proxmire (D-Wisconsin) warned Congress against the dangers of this pork barrel approach without regard to need or the nation's ability to pay, but he is one of the sponsors of the Lake States region project, so the "don't do like I do; do like I tell you" peril is exemplified.

Don Oberdorfer writes in The Reporter that "The dangers of regional development will be far outweighed by the benefits if the plans should prove successful in reviving depressed areas. Regional programs have worked well in Europe, but economists point out that economic planning is more deeply rooted and effective there."

The most outstanding success of regional planning in America is the Tennessee Valley Authority, where the government's purse has been used to upgrade a large area through development of public electric power. It was suggested that power generation could be an aid in Appalachia, but the private utilities obtained a prohibition of such development by power plants at coal mines and a similar prohibition has been written into EDA.

The regional development in the Northern Great Lakes States would not be around a power source. What its program would consist of would be determined by the tri-state regional commission in charge. Like Appalachia it would probably include a vast highway construction program, with accent on scenic roads to develop recreation industry. Appalachia is too new to be a guide to the usefulness of such efforts and the best judgment possible at this time is probably that the results will be as good as the planners.

If economic ends are served there could be worthwhile results, but the program operates under enormous peril of political competition. It is significant that Lake States are getting this chance to develop themselves by plan because Appalachia got it (almost by chance) and not because they have shown a need for it nor any certainty that planning can produce a result at all related to the millions that the federal government is offering for trial.

## The Doctor Says:

### Repose Is Danger?

By Dr. Wayne G. Brandts

Q — Dr. Gerhardt Volkheimer of Germany states that complete repose after a heavy meal can result in a heart attack. Is this true?

A — What are Cyclospasmod and digoxin given for?

Q — A — Cyclospasmod (Cyclospasmod) is an antispasmodic that has been used in the treatment of Burger's disease, Raynaud's disease and hardening of the arteries. It should not be used by persons who have had a stroke or an attack of coronary heart disease. Large doses may cause dizziness, sweating, nausea and headache.

Digoxin is a derivative of digitalis, a heart stimulant. The dosage of both drugs must be carefully regulated to fit your individual needs.

Q — From time to time, I have spells lasting about 45 minutes when I can't see clearly with my right eye. An eye surgeon couldn't find anything wrong with my eyes. He said it must be caused by a spasm. What do you think?

A — I think you probably have been having the aura or visual disturbance of migraine which usually lasts about 45 minutes. These auras are usually, but not always, accompanied by a one-sided headache and vomiting. The attacks occur at irregular intervals. The triggering cause is unknown but an irritation of the blood vessels in the visual center of the brain is the immediate cause of the attacks. The eyes themselves are not affected.

The disease is not serious especially if you don't get headaches and vomiting with the attacks but it can be very annoying, particularly if an attack comes at a time when it is important for you to see what you are doing.

Newspaper want ads are a big sell! Eight hundred million was spent on classified ads last year — more than for all television spot announcements or radio advertising.

## "You Don't Love Me Any More!"

## People, Events Of Yesteryears

From the files of the Escanaba Daily Press

### 25 YEARS AGO

What with a grand rush in the last three months for marriage licenses, naturalization papers and birth certificates, along with ordinary business, the east iron neck of the old official county seal in the county clerk's office broke down under the pressure, yesterday.

Merton Jensen, 1010 Eighth Ave. S. was elected president of the Highland Golf Club at the annual meeting. Other officers are Nick Carr, vice president; Arthur Goulais, secretary; and William Warmington, treasurer.

### 50 YEARS AGO

When Joseph LaReux, farmer, drove into the city with a load of produce, the axle of his wagon was broken in crossing the street railway on Stephenson Ave. He blamed the city for the accident and sent a bill to the council for \$3.50. The council placed his bill on the table where it will become one of the city's musty archives that have found a resting place there.

## Committee Backs Fees Increase For State Parks

LANSING (AP) — A Senate committee has recommended raising state park fees and taxing recreation equipment so the parks can expand fast enough to avoid a "hopeless" shortage of campsites by 1970.

"We found the 'Conservation Department's' new construction program for 1965-66 to be inadequate to handle the increased demand," Sen. Carl O'Brien, D-Pontiac, said Monday.

He estimated that full parks turned away more than 60,000 camp families this season.

The committee also recommended creation of a camp guard corps because "beer-busts" by young people are making certain parks hazardous to camp in, or at least extremely unpleasant, for families," O'Brien said.

It urged speedy expansion action — before building costs go up further and "before our burgeoning population moves into these areas to establish shopping centers and homesites."

**Camps Lost \$800**  
The Conservation Department estimates the cost of establishing a campsite at \$800 a site, increasing to \$1,000 by 1975.

"It is the opinion of the committee that this expenditure will be money well-spent as the number of tourists coming into the state is increasing yearly, not to mention the fact that the citizens of Michigan are making camping one of our foremost recreational activities," O'Brien said.

The site cost includes toilet building, water, electricity and site development. O'Brien said a toilet building to serve several sites costs more than \$25,000 and "the price will never be cheaper."

**Costs Rising**  
"Unless we move swiftly in our campsite construction and our land acquisition program, we are going to find that the pressure of rising costs of land and labor is going to make expansion of our camping facilities extremely dear," he said.

"More and more people are going to camp in our parks and at the same time demand what almost amounts to the conveniences of home," he added. "The pit toilets and roughing it in a tent is a thing of the past for most of our campers."

**College Students Exceed Estimates**  
LANSING (AP) — Enrollment at Michigan's state-supported colleges and universities is 2,877 higher this fall than the colleges estimated last year.

The colleges guessed last fall they would have 16,407 additional students this year—17.5 percent less than the actual increase. In Polley, director of the Michigan Council of State College Presidents, said today.

Policy noted the November 1963 interim report of the Citizens Committee on Higher Education forecast an average annual increase of 10,000 a year in the period 1963-1970.

The ten schools have a total of 150,189 students this fall.

**Bigger Budget**  
PONTIAC (AP) — Oakland County will operate on a budget of \$18,360,000 in the 1966 calendar year, or more than \$1 million more than this year. The Board of Supervisors approved the budget Monday.

The increase represents \$340,000 in employee pay raises and generally larger expenditures otherwise.

## Letters To Ann Landers

### The Press

Contributions are welcome. They cannot be over 300 words and must be signed with name, address and phone number of writer and names will be used. The right to condense letters is reserved.

### BUSINESS AID

A memo to Michigan businessmen: All of us, I think, are aware of the fine work that the Agricultural Extension Service has provided in bringing know-how to the nation's farmers.

Now Congress has passed a State Technical Services Act, which I co-sponsored, to provide technological assistance to businesses.

This bill recognizes that many small businessmen have neither the funds to conduct research projects of their own nor the personnel to assign to keep up with information on new techniques and industrial innovations.

Under the law, to be administered by the Department of Commerce, \$60 million is authorized in federal matching grants. For a state to participate, the governor must designate a state agency — probably a university — to submit a five-year plan outlining a technical service program to solve the most pressing problems of industry in that state.

I have written to Governor Romney urging him to take early advantage of this program. In the meantime, I thought you might like to know something of the program's aims.

Philip A. Hart  
U.S. Senator

## Hurricane Duty Costly In South

BATON ROUGE, La. (AP) — Calling out the National Guard for duty during the Hurricane Betsy emergency in Louisiana was easy; paying off the Guardsmen was a little more difficult.

The bill was \$300,000. The National Guard treasury didn't have \$300,000 so it called on the Louisiana Board of Liquidation of State Debt. The board kicked in with \$100,000—the maximum under state law it can give any agency in a single year.

Getting the other \$200,000 was a matter of juggling funds. The board withdrew \$200,000 in surplus funds from another account, gave \$100,000 to the state treasurer's office and \$100,000 to the Public Works Department and directed those agencies to pass the money along to the Guard.

## Teen's Dating Upsets Mama

Dear Ann Landers: I am an 18-year-old girl whose parents want me to do something I consider cruel. Please advise me.

My best friend who is also 18 tried to commit suicide yesterday. I don't think she really meant to kill herself. She is a smart girl and she'd know how to finish the job if she really wanted to. I think she was only seeking attention.

This girl is attractive and lives in a lovely home and has plenty of money to spend. She's always had trouble with her parents. They give her money and gifts, instead of love, and she resents it.

My folks say I must stop seeing her because she is not right mentally and she might attack me. They also say it will hurt my reputation if I go around with her.

My friend tells me things she could never tell anyone else and I know it helps to get things off her chest. She needs me more than ever now. What shall I do? — TORN

Dear Torn: Your loyalty is admirable, and I agree that it would be wrong to abandon the girl completely. Nonetheless, you should loosen the lines. Your friend is unstable and the attachment could be destructive to both of you.

She should be unloading on a psychiatrist. Urge her to get that kind of help.

Dear Ann Landers: I have a problem that I have never heard of in my whole life and I'll bet you have never heard of it either.

I'm 16 years old, a good student, better than average looking and I have plenty of dates. So what's the problem? My mother. She wants me to go steady, and I don't want to.

My mother was born in Europe and she came here at age 19. This may account for some of her odd ideas. She says it is not decent for a girl to date five or six different fellows. According to her it means that the boys pass the word from one to the other that she's an easy mark and they are all having a good time with her.

I tried to explain that the chances for getting intimate are reduced when a girl goes with many boys rather than with one. She said, "I'd rather have you get intimate with one nice boy than go with every boy in town."

This shocked me. What is your opinion? — DAZED

Dear Dazed: I hate to tell you, but your mother is right.

## Twelve Hunters Hurt In Michigan

By The Associated Press  
Twelve hunters have suffered gunshot or arrow injuries in Michigan's hunting season which opened in the northern part of the state last Friday.

State police said almost all the injuries were minor. Most occurred when persons stood up in the line of fire of other hunters, they said.

# Networks Provide Magnificent Show Of Papal Mission

By CYNTHIA LOWRY  
NEW YORK (AP) — There comes a day like Monday when one must forgive television its omissions and commissions and regard it as a miracle of communication and a window on the world.

## RADIO-TV PERSPECTIVE

Viewers could, with time and inclination, have stayed close to Pope Paul VI from the moment he stepped from his plane until he returned to it almost 14 hours later, peace mission accomplished.

The three major networks by pooling their staffs and equipment had cameras every place except inside Francis Cardinal Spellman's residence where the

Pope spent his brief moments of privacy and rest. As a result, we who stayed at home saw much more of the history-making visit than others, and we had a closeup of the impressive Mass at Yankee Stadium that climaxed the day.

### Coverage Magnificent

The three networks had their own staffs of correspondents and experts and did a magnificent job of covering the papal mission from start to final blessing. There was a brief break in the all-day coverage for the evening news shows and there was one regular entertainment program that ABC slipped in at a time when the Pope was dining at the cardinal's residence.

The cameras caught some fascinating intimate details — the Pope lightly touching the head of a child during the Mass; President Johnson yanking aside an aide from the TV camera's eye; Bill Moyers, presidential press secretary, stumbling awkwardly in a description of the clothes worn by the First Lady and Luci Baines Johnson when they met the Pope; the Pope's meeting with the Kennedy clan and with the Soviet U.N. delegation, and the Pope, in his farewell to America, struggling to keep his cap on and his collar down in his airport walk.

### Commentators Informed

Each network had an articulate Roman Catholic priest sitting with their anchor men explaining events and helping to identify the clergy surrounding the pontiff. All were tremendously well-informed — ABC, Rev. Edward Heston, NBC's Rev. Robert O'Donnell and CBS, Very Rev. Fulton J. Sheen. It was a day full of affection, of emotion and of hope. Many of the slack moments in picture coverage were devoted by the network commentators to cautious interpretations of the meaning of some of the Pope's statements. But Frank McGee of NBC summed up his general impression as well as any when he said he thought the Pope's real message was that peace will be found in the hearts of men, not in the strength of nations.

It was a fine job by the networks.

## Guard Charged With Murder In Shooting Death

DETROIT (AP)—Plant guard Harold L. Russell Jr., 43, stood mute in demanding examination at his arraignment on a first degree murder charge Monday in the fatal shooting of Dr. Wayne W. Glas, director of surgery at Wayne County General Hospital.

Nankin Township Justice Michael W. Bradley set examination for Oct. 20, Russell, of Ann Arbor, is held without bond.

Dr. Glas, 43, also of Ann Arbor, died of a gunshot wound in the head Saturday night. Police said Russell declared he shot him accidentally while attempting to make a citizen's arrest for bad driving on I-94.

William Doran, assistant Detroit corporation counsel, said in commenting on the incident that citizens have a right to make arrests only in connection with felonies or when summoned by a police officer.

Michigan law does not permit a citizen's arrest for a misdemeanor, such as a traffic violation, he said.

The spring or 4th Zone meeting was scheduled for Escanaba.

A songfest was led by Mrs. Odile Miller from Menominee, and the benediction was given by Auxiliary Chaplain, Mrs. William Garbett.

Several guest prizes were awarded.

The spring or 4th Zone meeting was scheduled for Escanaba.

## Question: Do you know why homeowners in this area change to Mobilheat?

Answer: Our Furnace Analysis can save them up to 38% on heat costs — and it's FREE!

## Answer:

Our Furnace Analysis can save them up to 38% on heat costs — and it's FREE!

The Mobil Fuel-Saver Analysis is made with this scientific kit

Mobil Fuel-Saver Analysis is made in 20 minutes without taking anything apart. Our Fuel-Saver Experts make these scientific tests for heat waste: 1. Heat needlessly escaping up chimney. 2. Unburned fuel going up in smoke. 3. Faulty draft that works your furnace overtime. 4. Air-fuel mixture that wastes oil. Call today.

## Hospital

Vern Boyle, 1305 S. 23rd St., is a surgical patient in Bell Memorial Hospital, Green Bay. His room is 249. His wife Betty and sister Genevieve were with him during surgery.

Newspaper want ads are a big sell! Eight hundred million was spent on classified ads last year... more than for all television spot announcements or radio advertising.

## The Lord's Acre: Fayette Church Plans Auction

The tradition of tithing in support of the church is combined with the neighborliness of the old-fashioned auction at the annual Lord's Acre Sale sponsored by the Fayette Congregational Church, to be held this year on Saturday, Oct. 9.

The 18th annual Lord's Acre Sale will be held in the Town Hall, which is near the church south of Fayette State Park.

Lunch will be served starting at 11:30 a. m. and the auction will follow. The public is invited.

The auctioneers will be Howard Gierke and Glen Thill of Fayette and Fred Lang of Alpena, who returns to his home community for the sale each Autumn. The range of articles to be sold is varied, but most of it represents the labors of the members of the congregation.

Mrs. Harold Stern, who has served as the publicity chairman for the auction for several years, said the items to be offered for sale includes "the products of our hands, the harvest of the fields and gardens, together with the catch of fish from Lake Michigan."

Jugs of fresh apple juice, pressed from the fruit of the orchards of the Garden Peninsula farms, are offered for sale as a project of the Youth Fellowship of the church.

Fresh vegetables, antiques, home-made jams and jellies, winter bouquets, canned fruit, smoked and fresh fish, African violets, hand-knit articles—these and other items will be auctioned.

Some of the items are works of the homemaker's art: An appliqued quilt of tulip design in Autumn colors was made by Mrs. A. C. Stern; a braided four-strand fireplace rug made by Mrs. John "Grandma" Lang; and an Afghan knitted by Mrs. Axel Rasmussen.

Everything will be sold to the highest bidder.

## Army Payroll Still Missing

GRANVILLE, N.Y. (AP) — An Army payroll of gold and silver coins, buried in a meadow two centuries ago by retreating French troops, still is hidden near this upstate village, a local historian says.

The big mysteries, historian Morris Rose-Roten says, are the exact location of the treasure and its worth. He thinks the money lies somewhere on property now owned by farmer John Prouty.

Prouty admits he's intrigued by the story but says he has no plans to go treasure-hunting.

WOMAN MARINE Private Nancy V. Miller, daughter of Mr. and Mrs. William L. Miller of 1645 S. 16th St., Escanaba, completed eight-weeks of recruit training Sept. 15 at Marine Corps Recruit Depot, Parris Island, S.C. Parris Island is the only training base for recruit women Marines. The training for women recruits includes instructions in basic military subjects, typing, business English, spelling, filing and correspondence practices.

## Cold Closes Two Detroit Schools

DETROIT (AP) — Unseasonably cold weather Monday brought a day off for 4,000 Detroit school youngsters. Some 2,300 Southeastern High School and 1,700 Foch Junior High students were dismissed while work was completed on their common heating plant.

## Medicare Sparks Hospital Growth

By SAM DAWSON  
AP Business News Analyst  
NEW YORK (AP) — Medicare, a growing population and medical and surgical advances are combining to spark a boom in hospital building.

### ANALYSIS OF THE NEWS

Many communities are studying both present overcrowding and the prospect of a big jump in patients when Medicare becomes operative next July. More people with more money to spend for medical care, and new ways of treating ailments, are putting a strain on present facilities or making them obsolete.

Some cities plan to build new hospitals. Others are moving to expand present ones. Still others are studying designs and equipment that offer more and quicker services, meet doctor and nursing shortages by saving time, and adopt some factory techniques for getting the most efficient use of space.

The hospital of tomorrow may resemble a computerized production line.

**Construction Jumps**  
Plans call for spending \$2.5 billion next year for constructing new hospitals or modernizing present ones. This would be \$300 million more than the estimated outlay this year. In 1964

spending hit \$2 billion, compared with \$1 billion back in 1959. Some predict Medicare and population growth may push expenditures to \$5 billion a year by 1970.

Despite increasing demand for hospital care, neither the number of hospitals nor of beds has grown startlingly since 1955, although the number of admissions has.

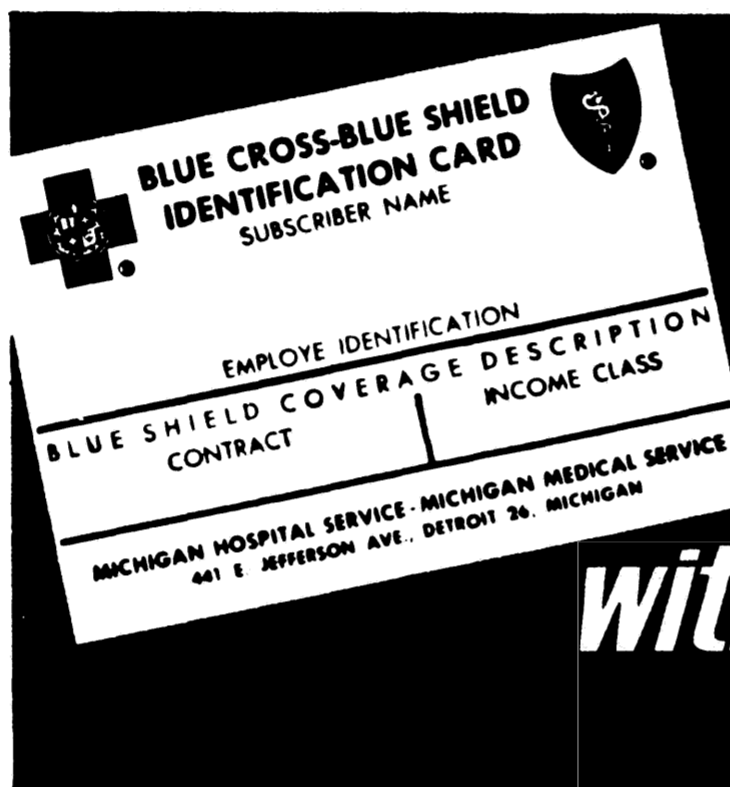

The American Hospital Association puts the number of hospitals in 1955 at 6,956, with 1,604,000 beds and 21,073,000 admissions. Last year the number of hospitals was 7,127, with 1,696,000 beds, but 28,266,000 patients were admitted.

**Federal Funds Help**  
Federal funds have helped in some hospital building. In the fiscal year ending June 30, 1965, nearly \$246 million of federal funds was used this way. In the current fiscal year some \$303 million is expected to be spent. Medicare could well increase Uncle Sam's generosity.

Among new techniques being installed or planned in many hospitals are computers to be used both for reference information and for diagnosis.

It will all cost money. And for many a community the big question is: where is the money coming from?

"Relief" is a term used for sculpture in which the figures are attached to the background.

Here's your chance to join  
**BLUE CROSS and BLUE SHIELD**  
without belonging to a group!

## INDIVIDUALS UNDER 65: JOIN NOW -BE COVERED BY NOVEMBER 10th!

### YOU CAN NOW JOIN BLUE CROSS and BLUE SHIELD

even if you don't belong to a group! This means you have an opportunity to get the same fine-quality hospital-medical coverage so many members have enjoyed for years!

Health statements are not required. Physical examinations are not required. And Blue Cross and Blue Shield have never cancelled anyone because of age or condition of health.

All you do to join by mail is fill out the application below. There is no obligation. In fact, you do not pay a cent until you have received your certificates, examined them carefully and know your benefits. Necessary limitations and waiting periods are explained in the certificates.

FOR COVERAGE BY NOV. 10 fill out the application below now and mail it to Blue Cross and Blue Shield before October 10.

### IMPORTANT! ESSENTIAL INFORMATION

Blue Cross and Blue Shield Non-Group protection entitles you and each member of your family to the following benefits: 30 days of hospital care, 30 days of physician's care in the hospital, each renewable any time you've been out of a hospital 90 days. Surgical services, including anesthesia and post-operative care. Up to \$15 per day for hospital room and board PLUS many costly hospital extras covered in full. Maternity coverage on 2-person or family contracts after contract is in effect 270 consecutive days. Immediate coverage for accidental injuries, first aid and health conditions originating after contract effective date.

### MONTHLY NON-GROUP RATES

Choose Plan A, B, C or D according to your income. See application at right.

	A	B	C or D
ONE PERSON	\$ 9.77	\$10.27	\$10.77
TWO PERSONS	\$20.99	\$22.25	\$23.51
FAMILY	\$22.29	\$23.92	\$25.53

You may choose any of the four Plans (A, B, C or D). However, to assure the most adequate benefits, we recommend you choose the Plan which best fits the total annual income of the PRINCIPAL CONTRIBUTOR TO FAMILY SUPPORT (that is, the person who makes the greatest contribution to family income).

### COMPLETE AND SEND TO:

Michigan Blue Cross and Blue Shield  
441 E. Jefferson  
Detroit, Mich. 48226

Your application is NOT complete if you do not include your husband or wife, no matter what age — unless already enrolled in a Blue Cross and Blue Shield group. If your spouse now has Blue Cross and Blue Shield, be sure to show his or her Social Security number.

We recommend your application include all unmarried children, who legally make their residence with you, as long as they are under age 19 or have their 19th birthday this year. (Children are not covered on your contract after the end of the year in which they become 19.)

### CHECK THESE ADVANTAGES

- You choose your own doctor
- Your doctor is paid by Blue Shield
- Your Blue Cross and Blue Shield identification card is widely recognized
- Your hospital is paid by Blue Cross
- Health statements and physical exam not required
- Blue Cross and Blue Shield specialize in health care protection

Send no money now.

# Banner Year Predicted For Delta County Deer Hunters

A banner year for the deer hunter was predicted Monday by Conservation officer Frank Opolka at a meeting of the Escanaba Lions Club.

Opolka, law enforcement officer assigned to the Escanaba district, addressed Lions members on the long-range plans and goals of the Michigan Department of Conservation, local hunting seasons and firearm safety.

"The deer population in Delta County is terrific," Opolka said.

"Sunday night in a five mile drive I saw 24 deer. At least six were bucks. That was in the south Bark River area. Deer are also moving on roads along the Escanaba River near Watson.

"Farmers are starting to complain already that deer are destroying their crops."

Opolka said the deer population on the Stonington Peninsula is also "real good."

"We've had a few people trying to balance the population out there lately," he chuckled, "but generally the outlook is good."

A former Marine and high school biology teacher, Opolka is a native of Crystal Falls. He is relatively new to the Conservation Department, joining the force in 1964.

"The Michigan Department of Conservation is on the move—on the move to better things. But we can only move with the support and backing of community leaders like yourselves," he told the Lions.

"We have only 146 conservation officers in the entire state," he said. "That gives each of us an area of about 300 square miles to cover. It's impossible for one man to cover that much territory alone and that's why we must appeal to the citizenry to be conservation minded natural resource conscious."

Opolka said the Department of Conservation behind the dynamic leadership for director Ralph MacMullan is looking ahead to new programs for the sportsmen.

Under department proposals, fishing license fees will be increased from \$2 to \$3 and all fishermen, including wives, persons under 17 years old, and fishermen on the Great Lakes, will have to have licenses.

If this license increase goes through, however, the trout stamp, which now costs an additional \$2, would be abolished.

Opolka said the department also plans to begin full-scale management of the Great Lakes—an area which in the past has been largely ignored.

"The Great Lakes have been plagued by the lamprey and more recently the alewife," he said. "The Lake Trout, whitefish and walleye populations have been greatly reduced."

"It astonished me the other day when I read that of 95 percent of all the fish pondage in the Great Lakes is alewife. If all the alewives suddenly died, the Lakes would be so polluted that we couldn't use the water for drinking."

Opolka said Striped Bass would be introduced in the southern end of Lake Michigan in an attempt to provide the lake with another predator on the alewives and also to provide sport fishermen with another game fish.

Striped bass grow to between 10 and 15 pounds and are excellent to eat, he said.

**Hopes For Rainbow Runs**  
The Coho Salmon is another fish species being considered for introduction via planting methods into the Great Lakes. He described the Coho as a salmon of the trout family, resembling the rainbow and brown trout.

While on fishing, Opolka noted that the Department also anticipates real good Rainbow Trout fishing in Little Bay de Noc in the not distant future.

Rainbows were planted in the Days and Bark Rivers this summer by the Delta County Sportsmen's Club in hopes of starting spring "rainbow runs" on Little Bay de Noc streams.

Last year Operation Bootstrap planted 5,000 rainbows in Little Bay de Noc.

Opolka also touched on hunting safety and answered Lions' questions on game laws and firearms transportation.

"The Department hopes to start a compulsory hunter training safety program, as compulsory as driver education," he said. "Most accidents occur through carelessness, youths not knowing how to handle guns."

"Since the small game season opened last week I have personally reprimanded 15 teenagers for poor safety methods while hunting. Twelve of them had been in hunting safety classes the department has conducted within the past two weeks."

"I don't know if compulsory training is the answer," he said, "but the feeling of the department is that it will help."

"Why should I worry about your safety in the field? I'll tell you," he said. "We have to police some of those accidents which happen in the field. Some of them aren't very pretty."

"I investigated a case last year north of Crystal Falls," he continued. "Just before deer season a hunter was target shooting into a bale of hay with a 30-06 rifle near his camp."

"Now a bale of hay just won't stop a rifle bullet. One of his shots went right through the bale on a trajectory which paralleled a highway. A car came over the crest of a hill and the bullet went right through the windshield and struck the driver in the forehead just above the eyes."

Opolka didn't have to say it. The Lions Club got the message. It's always the other guy who gets killed.

## Hunt Opener Is Slow But Good

Hunters' impression may be that the opening of the grouse season in this area was a dud, but the Conservation Department, which has made an effort to interview hunters on their luck, says there was a fairly good kill in the opening weekend.

Joseph Vogt, game biologist of the Department's Escanaba Division, says the hunt conditions were poor, with rain, cold, high winds and lots of leaves still on the trees, but that his check of 37 hunters indicated better success in the first three days than with a similar number of hunters in a corresponding period last year.

"Cover is very heavy," said Vogt. "Many trees still are

## Cong Ambush American Unit

SAIGON, South Viet Nam (AP)—A Viet Cong force ambushed a small U.S. Army unit 15 miles northeast of Saigon today and killed or wounded every American, a U.S. military spokesman announced.

Another U.S. Army patrol heard the shooting and rushed to the scene but the Viet Cong had fled. Two guerrillas were reported killed.

The patrol unit that was ambushed from the 1st Infantry Division, was made up of less than 12 men, the spokesman said, but the exact number was not given.

Three other Americans were killed in air missions inside South Viet Nam, the spokesman said.

**River Convoy Raked**

Elsewhere, two Viet Cong assaults of battalion size were reported.

Heavy losses were inflicted on government troops Monday when the Viet Cong hit a river convoy of five boats in the Mekong Delta 55 miles southwest of Saigon. The convoy drew intense small-arms and automatic weapons fire from the shore and two of the boats were sunk.

The convoy was on a supply mission to a nearby post.

Another guerrilla battalion attacked and overran a hamlet defended by government troops 110 miles northwest of Saigon, near the Cambodian border. The fate of the hamlet was not known.

The Communists had been operating in small units in recent weeks. A Viet Cong battalion normally numbers about 500 to 600 men.

**Cong Use Children**

Government forces claimed 101 Viet Cong killed in two other actions Monday—70 in the southernmost province of An Xuyen and 31 bodies counted after heavy fighting near the Phu Cu Pass in Binh Dinh Province.

"Heavy" government casualties were reported in the Phu Cu fighting.

U.S. authorities charged that Viet Cong guerrillas used children as shields against American gunfire while crossing a stream under surveillance by U.S. Marine aircraft last Friday. The incident occurred during a Marine action near Qui Nhon, 260 miles north of Saigon, authorities said.

**Negroes Stage Bus Boarding Demonstration**

CRAWFORDVILLE, Ga. (AP)—Negro pupils made another attempt today to board school buses with white children but the 28 demonstrators were hemmed in by state police. The buses pulled away and the Negroes left.

Hosea Williams, political education director for the Southern Christian Leadership Conference, said Negro leaders planned a teach-in at Alexander Stephens High School. The school was closed because all white pupils transferred after the school was desegregated this fall.

Calvin F. Craig of Atlanta, the Georgia grand dragon of the Ku Klux Klan, was arrested Monday by state police and charged with assault and battery after the Klan leader grabbed a Negro youth involved in an attempt to board school buses with white pupils. He was released under \$100 bond and trial was set for next February. Craig said Monday night he was returning to Atlanta.

## Pope Paul VI Pleads For Peace

(Continued from Page 1)

ing at Holy Family Church, adjoining the U.N. grounds.

There, the Pope told about 300 Protestant, Orthodox, Catholic and Jewish clergymen, associated with religious centers dealing with the United Nations: "The work of peace is not restricted to one religious belief."

**Religious Leaders Greet**

And he pledged "our collaboration" in the mutual efforts to promote reconciliation across the contentious borders of ideologies, nations and races.

Singly and in little groups various religious leaders moved forward to grip the Pope's hand.

Speaking for Protestant and Orthodox communions of the National Council of Churches, Andrew E. Cordier, dean of Columbia University's School of International Relations, said: "This historic meeting gives new promise for the future."

Earlier the Pope's private meeting with President Johnson took place in a 32nd-floor suite of the Waldorf Astoria Hotel, where the world's two most influential spiritual and secular leaders talked for 46 minutes.

Afterward, the President introduced Mrs. Johnson, and their daughter, Luci, 18, recently converted to catholicism.

**Speaks To U.N.**

The President escorted the Pope down the elevator to the street, chatting amiably with him before they said goodbye.

Johnson flew back to Washington to watch the Pope's subsequent United Nations appearance on television.

In that address, the Pope called the United Nations "the last hope of concord and peace" in the world, and seemed to imply that it should seek to bring Red China into membership.

"Strive to bring back among you any who have separated themselves," he said. "Act so that those still outside will desire and merit the confidence of all, and then be generous in granting such confidence."

Delegates gave him a standing ovation, before and after he spoke.

**Crowds Jam Route**

He appealed for relations between nations regulated by reason, justice and negotiation, "not by force, nor by violence... your vocation is to make brothers not only of some, but of all people."

Along his 24-mile motorcade into the city, through the residential and commercial sections of Queens and into Manhattan, across the slums of Harlem and into the grandiose hub of Manhattan, rows of humanity shouted and waved.

Around St. Patrick's, 165,000 pushed at the barricades. One woman fainted. Another was knocked down, suffering a broken leg. A policeman fell and cut his head on the pavement.

**"God Bless America"**

After welcoming ceremonies inside, the Pope moved back and forth on the terrace, smiling and spreading his arms toward the people. Later, as he rested briefly in the residence of Francis Cardinal Spellman, archbishop of New York, the throng outside chanted:

"We want the Pope! We want the Pope!"

At Kennedy Airport, the Pope made a final parting with his American hosts, expressing gratitude at the opportunity to place his petition for peace before the world, as represented by the United Nations.

"God bless America, God bless you all," he said, and walked up the ramp into a Trans World Airlines jet plane, which carried him back to Rome. It left at 11:30 p.m. (EDT).

## Chicago Prices

**BUTTER & EGGS**  
CHICAGO (AP)—Chicago Mercantile Exchange—butter steady; wholesale buying prices unchanged; 93 score AA 62½; 92 A 62½; 90 B 61½; 89 C 61; cars 90 B 62½; 89 C 62.

Eggs unsettled; wholesale buying prices unchanged to 1 lower; 70 per cent or better Grade A whites 37; mixed 37; mediums 33; standards 30; dirties unquoted; checks 32.

THE "WHAT FOUR" QUARTET is composed of members of the Marinette - Menominee S.P.E.S.Q.U.A. and has been singing together since 1959. Tenor for the group is Bob DeMille, a mathematics teacher at Marinette Catholic Central High School. Bill Van Dyck, foreman of the printing department at Badger Paper Mills, Peshtigo, sings lead, and Bob Schacht, a purchasing agent for Scott Paper Co., Marinette, has taken over at baritone. Al Reiter, bass, joined the group in 1962. He is manager of an insurance investigation office in Marinette. The group will appear Oct. 9 on the annual Harvest of Harmony program at William W. Oliver auditorium.

## Delta Has 32 Pre-Inductees

Thirty-two Delta County young men are to report for pre-induction examination to the Draft Board office at 1:30 p.m. Oct. 6, and three others have been transferred to Boards in other counties.

Mary M. Wagner, clerk of the Board, said they will be transported to Milwaukee by bus and return the night of Oct. 7.

Transferred were Norman L. Smith, Charles J. Shreve, Lawrence C. Lencour, Arthur G. Crosse, James L. Pendergraft, Paul D. Anderson, James C. Cline, Jerry L. Collins, Wallace F. Beauchamp. Cline is the leader of the group.

Gladstone—Lee R. Cretens, James L. Porath, Harold J. Young, Wallace L. Godfrey, Bernard L. McCormack, Donald L. Demuse.

Bark River—Gary T. Dahl, Leonard N. Lindquist, William L. Kwarciany, Ronald R. Sundstrom; Fayette—Joel L. Peterson; Garden—Robert B. Lauzon, William E. Bodette, James H. Paulson, Charles E. Gould; Rock—Michael J. Bartlett, James V. Rajala, Wayne C. Fournier; Rapid River—Darrell L. Jader, Duane E. Proehl; Wells—Fredrick J. Couillard; Cornell—Gary L. Carlson.

The November induction call is for four men and the pre-induction call is for 31 men, both to report on Nov. 2.

**Crowd Tramples Sixteen Koreans**

SEOUL, Korea (AP)—Sixteen persons, most of them children and old women, were trampled to death early today by a crowd outside a new stadium in Kwangju, 140 miles south of Seoul.

Scores of persons were injured. An estimated 100,000 persons swarmed around the stadium for the opening of the six-day national sports games.

The newspaper Hankook Ilbo reported thousands stampeded in front of the main entrance when firemen used water hoses to control the unruly crowd.

Earlier, the onrushing spectators crushed the iron entrance gate. Police barricaded it with automobiles.

**Swimming Banned At Brigham Young U.**

PROVO, Utah (AP)—You can't swim at Brigham Young University—at least not on the dance floor.

Student officers decided Monday night that the swim, jerk and "other suggestive" dances that cannot conform to standards of the (Mormon) Church will not be permitted.

The Church of Jesus Christ of Latter-Day Saints (Mormon) founded and operates the school, which has 20,000 students this fall.

## An Editorial:

(Continued from Page 1)

capsulized space. While it is fun and interesting to watch the space race, and to try to surmise its eventual outcome, there are several billions of people who must, in some manner, endeavor to survive, not by scientific and economic resources but by human understanding.

We hope that the Pope's visit to the United States and his appearance before the United Nations may create a psychological breakthrough by which the human race will avoid oblivion. At this juncture all we can do is hope and pray, and by prayer we mean all creeds and all religions and all races in this rather distraught and tired world. But let us all remember that while there is life, there is hope.

Russell Newspaper Enterprises

**Rock**  
Bridal Attendants  
Mr. and Mrs. Albert Weldum were attendants for the wedding of Mrs. Ann Balkit and Albert Will of Merrill, Wis., Saturday, Oct. 2. The wedding was held at the Four Square Church in Wausau and the reception at the Fritz Pike home in Gleason. The bride is the former Ann Weldum. Mr. and Mrs. Ted Black and George Winberg of Rapid River also attended.

**Housewarming**  
Mr. and Mrs. Reino Lahti were honored with a housewarming party Sunday afternoon and evening. Friends and relatives presented them with a purse. A buffet style lunch was served. Mr. and Mrs. Lahti are living in the former Walter Selin home.

**Legion Auxiliary**  
The Rock American Legion Auxiliary will hold a meeting at the Lions club house Wednesday, Oct. 6, at 8 p.m. Mary Kaukola will give a report on her trip to Idaho for the Girl Scout Roundup and Janis Maki will report on her trip to Girl's State. Verna and Evelyn Larson will serve lunch after the meeting.

**Newspaper want ads are a big sell!** Eight hundred million was spent on classified ads last year... more than for all television spot announcements or radio advertising.

**British Cabinet Change Expected**

LONDON (AP)—Prime Minister Harold Wilson is expected to make his first Cabinet changes soon, according to reports circulating in London today.

The main purpose of the reshuffle, a minor one, is to give extensive new powers to Frank Cousins, minister of technology, according to these reports. The new powers are to make him virtually minister of industry and production, although his title will probably remain unchanged.

**Diocesan Board Urges Four Year Status For Tech**

The Diocesan Board of Education of the Diocese of Marquette has recommended to the Michigan State Board of Education that Michigan Technological University's Sault Branch be accorded status as a four year academic institution.

Hugh H. Madigan, president of the Catholic school board of Sault Ste. Marie, and member of the Diocesan Board of Education, said that the move was made in a resolution.

"We recognize the role Sault Branch plays in meeting the educational demands of young people in the Upper Peninsula, and wished to make our best efforts known to the state board," Madigan said.

**Br. Athanasius Is Lansing Honoree**

LANSING—A Thanksgiving Mass honoring Brother James Athanasius on his 25th anniversary as a Christian Brother will be offered at 11 a.m., Oct. 9 at the Gabriels High School chapel.

Brother Athanasius, Gabriels principal, has been a professional educator for more than 20 years and received the religious habit of the Christian Brothers in 1940.

He has served as both teacher and administrator in Catholic schools in Minneapolis, Chicago, St. Louis, Mo., Jefferson City, Mo., Escanaba and Lansing.

He formerly served as principal of St. Patrick's High School in Chicago and Holy Name High School in Escanaba. Brother Athanasius will be honored again with a Mass at his home parish in Chicago, Oct. 17.

## News Mailers Ratify Contract

NEW YORK (AP)—C. Raymond Hulsart, industrial relations director of the New York Times which has been shut down for 20 days by a strike of the New York Newspaper Guild, says an agreement reached with the Mailers Union "might expedite the situation here."

Mediator Theodore W. Kheel announced that the AFL-CIO International Typographical Union, parent of the Mailers Union, had ratified an agreement reached Monday between the mailers and the Publishers Association of New York City.

The association represents six of the city's eight major newspapers of general circulation. The association had seven members when the Times was struck and the other member newspapers shut down in line with an association charge of breach of contract. This charge was based on the refusal by members of the nine craft unions in the industry to cross the guild picket lines at the Times.

The Herald Tribune, withdrawing from the association, resumed publication. The Post withdrew from the association and resumed publication during the 114-day strike and shutdown in 1962-63.

Negotiations resume today between representatives of the Times and the guild, whose members are largely editorial and business office employees. The guild bargains with the newspapers individually. The nine craft unions bargain with the publishers association for the papers it represents.

Details of the tentative two-year contract agreement between the Mailers and the publishers were not made public.

## College Funds Win Approval

LANSING (AP)—A \$12 million appropriation to pay for higher-than-predicted enrollments at smaller state colleges and universities won preliminary Senate approval Monday night.

It and two other money measures were debated as the Legislature held its first night session. All three moved into position for final passage today.

The higher education money would be allocated to the schools on a proportional basis to their excess enrollment over predictions made more than a year ago.

**NMU Eligible**

The Appropriations Committee chairman, Sen. Garland Lane, D-Flint, said \$1.9 million would be needed if the state was to meet the entire extra cost of all excess students who had initially registered, but he predicted some would drop out during the academic year.

Eligible for the extra funds are Central, Eastern, Western and Northern Michigan Universities, Michigan Tech's two campuses, Ferris State, Grand Valley State and Michigan State at Oakland.

All except Grand Valley had enrollments higher than expected according to preliminary figures released Monday by the Council of State College Presidents.

**Similar Item Vetted**  
Gov. George Romney vetoed a similar item last June, saying the money could be appropriated if the students actually showed up. Lane said his talks with administration aides indicated Romney would approve the current measure.

Preliminary approval was given a \$455,384 appropriation for operation of state-run driver licensing stations in Detroit, Harper Woods-Grosse Pointe, Hamtramck - Highland Park, Ann Arbor and Macomb County.

These jurisdictions have all told Secretary of State James Hare they are getting out of the license-issuing business. Lane said the cost would be met by estimated savings of \$500,000 the amount the state would otherwise pay to the local units for issuing licenses.

The third money bill specified how \$7.97 million would be spent for early operation of the motor vehicle accident claims fund. Fund receipts of \$1 dollar from insured drivers and \$25 from uninsured drivers will pay these costs.

**Council To Fill Civil Service Board Vacancy**

The appointment of a member of the Civil Service Commission to fill a vacancy caused by the death of R. E. Allingham will come before the Escanaba City Council as a part of its agenda for the Thursday night session.

The Council will meet in the City Hall at 8 p.m., and City Manager George Harvey said the items of business include:

Acceptance of a flag from the Ladies Auxiliary of the Veterans of Foreign Wars for use in the Council Chamber; resolution of support for continuance of the "aerial bridge" airline flight.

Resolution objecting to rulings of the Federal Communications Commission imposing restrictions upon local community antenna operations; and appointment of official delegates from the city to the annual meeting of the Municipal Employees Retirement System.

**New York Stocks**

# Romney Urges Rapid Action On Pictured Rocks

MARQUETTE (AP) — Gov. George Romney urged a Congressional committee today "to take immediate and decisive action in recommending the dedication of the Pictured Rocks National Lakeshore."

In a prepared statement presented by Dennis Curry, assistant director of the State Conservation Department, Romney said the pictured rocks area on Lake Superior has "ingredients to develop one of our nation's most attractive lakeshores."

The U.S. House Interior Subcommittee was conducting a hearing today on the proposal to create a Pictured Rocks National Lakeshore. It met in Traverse City Monday to conduct a public hearing on a Sleeping Bear Dunes National Lakeshore proposal.

**Have Great Impact**

Dedication of the national lakeshore, Romney added, "will also have a tremendous impact on the economy of the Upper Peninsula of Michigan... it would quickly achieve new status and would be a focal point for tourism in Michigan. Estimates of the potential increase in gross income and jobs in the area as a result of the establishment of the lakeshore are encouraging."

"However, every effort should be made to draft legislation which will minimize the possible adverse effect on the commercial forest industry," he said. "I am confident an enabling act can be devised which will preserve the pictured rocks for public use and enjoyment without jeopardizing essential private rights and interests."

The session was expected to be less lively than the day-long hearing Monday which drew more than 500 persons to Traverse City's senior high school auditorium. They attended a public hearing at a Sleeping Bear Dunes National Lakeshore proposal.

Rep. Ralph J. Rivers, D-Alaska, subcommittee chairman, successfully banned boozing. But sporadic heckling was beyond control while applause for op-

ponent points rang loud and often.

## Six Oppose Bill

Six persons offered testimony opposing Senate Bill 936 which passed Aug. 26 and calls for establishing 46,100 acres in Benzie and Leelanau counties as a recreation area along Lake Michigan. The tract would include South Manitou Island. It would embrace Benzie and D.H. Day State Parks.

Proponents, led by Sen. Philip A. Hart, D-Mich., claim the dunes must be set aside to guard against commercialized encroachment. In turn, they say, its development by the federal government would be worth extra millions annually to area economy through tourist visits.

Hart accompanied the subcommittee Monday. Also present was Rep. Robert P. Griffin, R-Mich., whose 9th Congressional district includes the dunes.

Opponents of federalization contend a need for the project has not been established, that it poses a threat of land acquisition by condemnation of private property and that loss of property tax revenue to schools should be covered by federal payments.

## Romney Testifies

Gov. George Romney submitted a statement. It said he considered the dunes proposal a "most urgent" Great Lakes need. But the governor described as "imperative" the need for amendments to guard residents against land acquisition by condemnation and to provide payments in lieu of taxes for affected school districts.

Dr. Ralph B. MacMullan, director of the Michigan Conservation Department, said the state's park budget could not adequately develop Sleeping Bear Conservation Commission. Mr. Matt Laitala acknowledged "local opposition" to the proposal, but he described it as "confined and superficial." His remarks drew jeers.

# Circuit Court Jurors Listed

The names of 36 Delta County persons have been drawn for service as jurors at the session of Circuit Court to be held Oct. 18 in Escanaba, with Judge Bernard Davidson presiding.

William Butler, county clerk and clerk of the court, released the jury list today. Twenty-two are women and 14 are men. They are:

Escanaba—Lawrence Pavlich, Walter Zimmerman, Eugene Hebert, Clara E. Michael, Gertrude G. Larson, Jane Mulvaney, Clarence J. Ehlers, Jean Sarnowski, Alice Call, Betty J. Pepin, Ethel Boddy, Bernice Schmitt, Joe Berube, Fred Weber.

Gladstone — Dale Kivi, Ina Larson, Leo Weingartner, Exior Beauchamp, Astrid A. Farrell, Rose Bracke, John P. Vogt, Vera Isaacson.

Baldwin Township — Anne Robbins; Bark River—Gladys E. Stenberg; Bay de Noc—Pearl Larson; Brampton — Ruth Thomas; Cornell — Florence Harrison; Ensign—Sandy Gustafson.

Escanaba Township — Iver Finstrom; Fairbanks — James Collins; Ford River—Kermit Jorgensen; Garden — Lorna Dotsch; Maple Ridge—Lillian Roberts; Masonville — Wilbert H. DeGrave; Nahma — Helen Krutina; Wells — Lorraine Briere.

# Mrs. Sommers, Racine, Dies

Mrs. Beatrice E. Sommers, 62, of Racine, Wis., former resident of Escanaba, died Saturday, Oct. 2, in Racine.

She was born in Escanaba Oct. 26, 1902, and was reared here. She had lived in Racine many years.

She was a former member of St. Patrick's Church.

Surviving are her husband, Clyde; one daughter, Mrs. Joseph Balcer, Racine; one sister, Miss Ethel Campbell, Escanaba; three grandchildren.

The body was taken to Marsh Funeral Home in Racine. Following the funeral Mass Wednesday morning the body will be brought here to the Allo Funeral home where friends may call Thursday between 1 and 2 p. m. Graveside services will be held at 2 at Holy Cross Cemetery.

# Selfridge SAC Refueling Team Leaves In June

MOUNT CLEMENS (AP) — The last Strategic Air Command aerial refueling unit at Selfridge Air Force Base is scheduled to leave the base by next June as part of a realignment of SAC's forces, it was announced Monday.

The 307th Air Refueling Squadron, equipped with piston-engine KC-97s, is used to refuel B-47 bombers. There are 800 officers and men in the squadron commanded by Col. Joseph J. Young.

Lt. David Vaughan, squadron information officer, said the area vacated by the SAC forces will be occupied by the U. S. Navy when it moves its naval air reserve training from the U.S. Navy when it moves its naval air reserve training from the U.S. Naval Air Station at Grosse Ile to Selfridge in 1967.

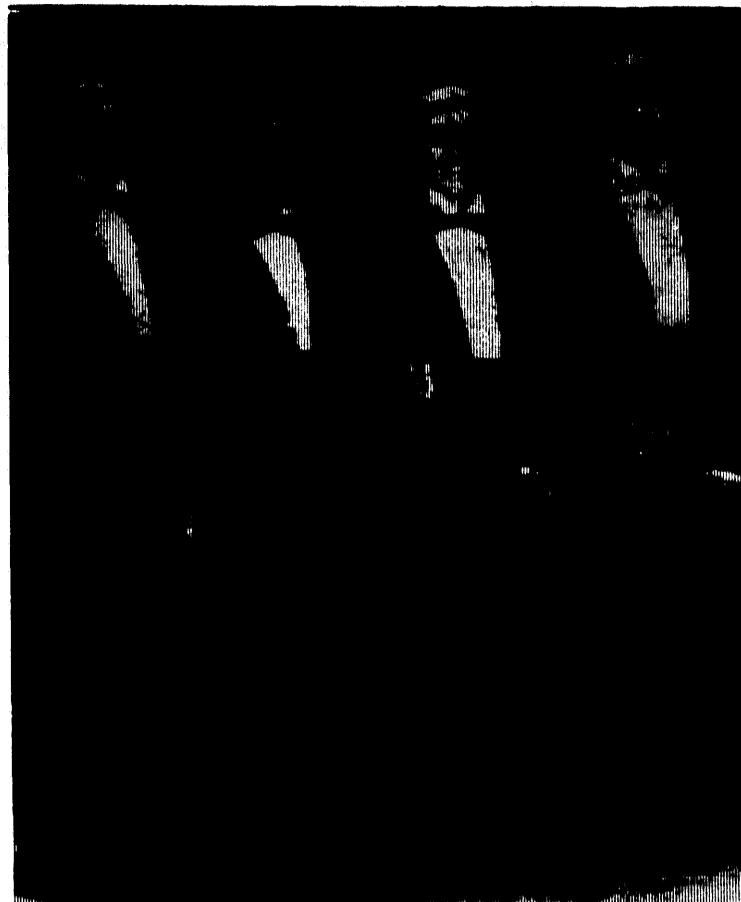

# Mackinac Bridge Revenues Reach September High

ST. IGNACE (AP)—Mackinac Bridge traffic and revenues during the past month reached a new high despite the rainiest September in nearly 50 years, the bridge authority reported today.

The weather bureau at Sault Ste. Marie reported 7.12 inches of rainfall, breaking a 40-year record," reported Prentiss Brown, bridge authority chairman.

"It was 3.4 inches above normal. Nevertheless bridge traffic was up nearly 3 per cent and revenues in September were up 3.5 per cent," Brown said.

There were 146,509 vehicles crossing the bridge during the month, an increase of 2.9 per cent over the same month last year. Revenues were \$625,465, up 3.5 per cent.

SECRET AGENT 007 may have a license to kill in Ian Fleming's novels, but the James Bond who sings bass for The Imposters quartet of Chicago concentrates only on entertainment. Bond, along with Harry Klepsteen, tenor, Joe Warren lead, and Ed Jensen, baritone, have an aggregate of 52 years of quartet singing experience. This year they placed third in the International Medalist competition, their highest since organizing in 1962. The Imposters will appear on the Harvest of Harmony program Oct. 9 at William W. Oliver auditorium.

# Autumn Tours Find History

Exploring Michigan during the golden days of autumn is full of unexpected rewards.

The great bodies of water surrounding the state make Michigan's early and mid-fall, climate similar to summer, but nighttime temperatures are cooler.

Visitors will find, too, that autumn vacationing is somewhat easier on the budget; as many motels, hotels and resorts offer off-season rates and "no vacancy" signs are at a minimum.

One of the most appealing of all visitor activities during the Michigan autumn is sight-seeing, and historical sites and attractions located along color tours add to this interest, according to the Michigan Tourist Council.

Many of the state's historical facilities are open year-round or into late fall.

Upper Peninsula visitors may follow Michigan highway 26 or US-41 up to Copper Harbor for a tour of Fort Wilkins.

Fort Wilkins, built in 1840 as a defense against marauding Indians, the fort contains original historic buildings and exhibits. A museum houses relics of the area's early lumber and copper mining days. The fort remains open until the snow is too deep to plow.

A few of the many other U. S. historical attractions in-

clude the site of Bishop Baraga's first mission church north of Manistique; the ghost town of Fayette and the world-famous locks at Sault Ste. Marie. Here, visitors may watch international shipping until the boat traffic is halted by ice.

Across the five-mile long Mackinac Bridge lies reconstructed Fort Michilimackinac at Mackinaw City, described as one of America's greatest historical attractions east of the Mississippi. The fort is open daily from 9 a. m. to 5 p. m. until the Oct. 10 closing.

Much of Michigan's heritage sprang from its own natural environment and in the northern lower peninsula lumbering pioneers left their mark.

Their memory has been preserved in the Lumbermen's Memorial — a statue located on a high bluff overlooking the Au Sable River valley, 16 miles northwest of Tawas City.

The implements of their trade are on display at Hartwick Pines State Park, seven miles northeast of Grayling on M-93. Here, a logging camp has been reconstructed and many of the actual items which were necessary to the logger and lumbering are featured.

California leads all states in citrus fruit and vegetable production.

# Teamsters Plan Own Hospitals

MILWAUKEE — Teamster President James R. Hoffa said here Sunday that his union eventually would have to have its own hospitals and doctors to provide care for members.

He mentioned the hospitals in a speech dedicating the new dental-optical-drug center for members of teamsters' local 200 and again Sunday night at a dinner attended by scores of public officials, union leaders and businessmen.

# Death Claims Mrs. Gregoire

Mrs. Josephine Gregoire, 85, of 610 S. 19th St., senior member of a well known Escanaba family, died at 6:50 p. m. Monday at Pinecrest Medicare Facility, Powers. She had been ill the past 13 months.

She was born in Gravelbourg, Sask., Canada, Feb. 8, 1880, and she had lived in Escanaba 71 years. She was a member of St. Anne's Church.

Her husband, Herman, died Jan. 22 of this year.

Surviving are two sons, Leo of Milwaukee and Joseph of Escanaba; four daughters, Mrs. Florence Charland, Escanaba, Mrs. John (Rose) Kolb and Mrs. Gust (Irene) Dahl, Milwaukee, and Mrs. Wallace (Evelyn) Wilson, Tacoma, Wash.; one brother, Arthur Nobert, Gravelbourg; 18 grandchildren and 20 great grandchildren.

Friends of the family may call at the Allo Funeral Home

# Grouse Plunges Into Classroom

Children in Sixth grade at the Wells Central School were startled when—in the middle of their arithmetic — a ruffed grouse plunged through the window, scattering glass across the room, and fluttered to its death on the floor at 11:40 a. m. Monday.

While this is the partridge season and many hunters are in the woods, it is seldom that the birds come calling into the towns, and especially infrequent that they fly into windows.

Teacher June Hanson quickly restored order after the dead bird was removed and the arithmetic lesson was continued.

Wednesday from 3 to 9:30 p. m. and parish prayers will be offered there at 8:30 p. m. Services will be held at St. Anne's Church at 9 a. m. Thursday. The Rev. Allen Mayotte will officiate. Burial will be in Holy Cross Cemetery.

# Patty Duke Says She Is Engaged

HOLLYWOOD (AP) — Television star Patty Duke, 18, says she is engaged to Harry G. Falk Jr., 32, a New York television director. No date has been set.

Miss Duke said Monday she met Falk two years ago when he was an assistant director on "The Patty Duke Show." They have been dating for the past year.

(1/2 Pint of Milk Included With Each Meal)

**Sponsored By THE ESCANABA NATIONAL BANK**

Are you paying more than 11½¢ a gallon for your residential heating oil?

If you are, you're paying too much.

If you are now using natural Gas (or plan to) for cooking, water heating, clothes drying or Gaslights and your use is equal to that of our average residential customer, you can get your Gas for heating under our special service rate at a cost equivalent to fuel oil priced at just 11½¢ a gallon. And the nice thing about our Gas rates is that

the more you use, the less it costs per unit. That's a bargain in anybody's book. (Can't pay for the cost of conversion right now? Here's good news: Whether you convert your present furnace, or even install a new Gas furnace, Michigan Consolidated will pay for it and its installation by a qualified heating contractor. And it won't

cost you a penny until July 1, 1966!) So why not make your present oil furnace more economical this winter? Have it converted to economical natural Gas. Then you can start putting your money in the bank for a change. Instead of in your furnace. For full details, call us or your heating contractor today.

# Silver Wedding Party Honors Fred Gravelles

Mr. and Mrs. Fred Gravelle, 704 S. 16th St., were surprised at a party in their honor on the occasion of their Silver Wedding Anniversary at their home Saturday evening.

Featured at the buffet supper was a lovely two tiered wedding cake decorated with yellow roses and silver leaves. They were presented with many beautiful gifts.

The family includes: Mrs. Thomas (Harriet) Ferguson of Marquette, Francis of Escanaba and Fred, John and Jeff at home. Out of town guests attending were from Balboa, Canal Zone, Mundelein, Ill., Merriweather, Mich., South Haven, Menominee, Marquette and Negaunee.

Cards and acknowledgements were received from Crystal Falls, Belvedere, N.J., Green Bay and Canal Zone.

# Births

**STOLLE** — Mr. and Mrs. Jim Stolle, 1330 E. Rand Road, Des Plaines, Ill., welcomed their first child Monday, Oct. 4, a daughter, born at 8 p.m. at Lutheran General Hospital in Park Ridge. The infant, whose name is Sandra Lynn, weighed 7 pounds and 9 3/4 ounces. Mrs. Stolle is the former Joann Saxe. The new member of the family is the first grandchild of Mr. and Mrs. Martin Stolle of Wells and of Mr. and Mrs. Clarence Saxe of Escanaba.

**DAVIS** — Lt. and Mrs. James W. Davis of 2413 W. Randolph, Enid, Okla., are the parents of a son, Charles Randolph, weighing 8 pounds and 13 ounces, born Oct. 3. The new member of the family has one brother, James Warren. Mrs. Davis is the former Barbara Neumeier, daughter of Charles M. Neumeier, 721 E. 10th St. Lt. Davis currently is in Pilot Training School at the U. S. AFB in Enid.

# Guest Speaker Here Saturday

Pastor M. F. Grau, Lansing, director of the Seventh-day Adventist Sabbath schools in Michigan, will be guest speaker at the local Adventist church Saturday morning at 9:30. Pastor John Erhard of the local church will be in Eaton Rapids, conducting a series of evangelistic meetings assisted by his brother Dr. Stewart Erhard of that city.

# Chili Supper At Country Club

Women of the Escanaba Country Club will have a chili supper Wednesday evening at the club house. Bridge will follow the supper. Reservations are required and are to be made by calling the club, ST6-1701. The affair is for members and friends.

# Bureau Women Plan Meeting

Delta County Farm Bureau Women will have a regular meeting Oct. 12, opening with an 11:30 a.m. luncheon at the Stone House. Election of officers will take place during the business session. Later in the day members will be taken on a conducted tour of Saykly's Candies and of Delta County Historical Museum.

# Women's Activities

## Nancy Pearson Leader In Nursing Profession

Today the Escanaba Business and Professional Women's Club salutes one of its members who is making her career in the nursing profession.

Nancy Pearson was born and raised in Escanaba, the daughter of Mr. and Mrs. Robert Pearson Sr. She graduated from Escanaba High School and Wesley Memorial Hospital in Chicago. She has done post graduate work in premature nursing and has studied at the University of Michigan and Northern Michigan University.

She worked one year as a psychiatric nurse in Chicago and several years as a registered nurse. She was employed by the C. & N. W. Railway as supervisor of nurses. For the past seven years she has been with the Delta - Menominee County Health Department as public health nurse and now is supervising nurse for that department.

When Miss Pearson is not using her free time to further her education, she enjoys bridge and golf.

She is a member of Central Methodist Church where she is teaching Sunday School. She also is a member of the Delta District of the Michigan State Nursing Association, Highland Golf Club and Escanaba B&PW Club where she served as president for two years and held various other offices. She currently is serving as chairman of the Civic Participation committee.

## Church Events

### First Methodist

Wednesday activities at First Methodist Church are: Senior Choir rehearsal at 7 p.m. at the church; Junior High Fellowship at 7:30 p.m. at the home of the Robert Jensens, 116 S. 2nd St.; Senior High Fellowship at 8 p.m. at the home of the Lowell Hebbards, 704 S. 14th St.

**Confirmation Class** — The confirmation class of the First Methodist Church of Escanaba will meet at the parsonage Saturday, Oct. 9, at 10 a.m. This will be the first session. All young people in 7th grade and older, who have not been confirmed, are invited to attend.

**Central Methodist** — The Wednesday schedule at Central Methodist Church includes Junior Choir rehearsal at 4, Junior M. Y. F. at 6:30, Chancel Choir at 7 and Senior M. Y. F. at 8.

**First Presbyterian** — The Senior High Fellowship will meet at First United Presbyterian Church Wednesday at 6:45. The Women's Association Circle study leaders' briefing is scheduled for 7 and the Sanctuary Choir practice will be held at 8. There will be no Youth Choir practice this week.

**Bethany Lutheran** — Bethany Senior Choir will meet for practice Wednesday at 7 and the Christian Education committee is meeting at 8.

When you are preparing tomato aspic using canned tomato juice you may wish to include a suspicion of sugar

Nancy Pearson

## Changes In LCW Meetings Are Announced

Unit meetings of Bethany Lutheran Church Women will be held as scheduled in the church directory, except for the following which have been changed:

Loyal, Oct. 6 at 3 p.m. at the home of Mrs. Richard Haasen, Wells.

Humble, Oct. 6 at 3 p.m. at the home of Mrs. Lawrence Haack, 906 7th Ave. S.

Faith, Oct. 7 at 2 p.m. at the home of Mrs. Lillian Olson, 217 N. 16th St.

## Membership Dinner For Legion Units

American Legion Cleveland Post 82 and Auxiliary held their annual membership dinner at the Legion Club Rooms Monday evening.

Mrs. J. M. Gifford presented a past president's pin to Mrs. Clinton Priester. Mrs. Joseph Wery received the membership award.

Mrs. William E. Butler, president, announced that a public card party will be held Nov. 15. Mrs. Chris Jensen and Mrs. Olga Matthews are co-chairmen and they will be assisted by Mrs. N. P. Thompson, Mrs. Joseph Ambeau and Mrs. Walter Kulek.

The next Auxiliary meeting will be held Nov. 1 with Mrs. Vincent LaVelle, Mrs. Lucille Coon, Mrs. Bessie Rogers and Mrs. Walter Kulek, members of the committee.

## First Methodist W.S.C.S. Will Meet Thursday

The Woman's Society of Christian Service of the First Methodist Church will meet Thursday, Oct. 7, at 2 p.m. at the Stone House, 2223 Ludington St.

Mrs. Konstantin Wipp will be the devotional leader for the afternoon. Rev. Konstantin Wipp, pastor of the First Methodist Church, will be the speaker. Rev. Wipp will relate some of his experiences prior to coming to the United States including some of the events which led to his escape from the communist-held territory of Estonia. His talk will also include some glimpses of the work of the Methodist Church in the Baltic and Scandinavian countries.

Hostesses will be members of the Ruth Circle, Mesdames Luther Barrett, Donald Ness and Roy Olson.

Future activities include: rummage sale, Oct. 22; Mrs. Aubrey Berg, chairman; World Community Day at Bethany Lutheran Church, Nov. 5; Mrs. Donald Ness, chairman; and the annual Fall Bazaar and Tea Nov. 20.

## Social Club

The Eagles Auxiliary will meet Wednesday at 8 p.m. in the club rooms. Lunch will be served after the meeting.

### Social Club

The Railway Women's Social Club will meet Wednesday at 2 p.m. at Carpenters Hall. A social hour will follow the business session.

**TOPS Meeting** — Wait Watchers TOPS Club will meet Wednesday at 7:30 p.m. at the V.F.W. Hall and gainers for the week are to provide fruit for the basket.

### Auxiliary Supper

The Elks Ladies Auxiliary will hold a supper Thursday Oct. 7, at 7:00 at the club rooms. Cards will be played. Reservations must be made at the Elks Club no later than Wednesday night.

### Golden Age Club

The Golden Age Club will meet Wednesday at 7:30 p.m. at Club 314. Cards will be played with table prizes and lunch will be served.

### E. R. A. Meeting

The Equitable Reserve Association will meet this evening at 8 at the home of Mrs. Robert Holt, 325 S. 17th St. Election of officers will take place at the meeting.

# Hints from Heloise

By HELOISE CRUSE

Dear Heloise: Here's something that might save some of our friends some money:

If you have a tape recorder or transistor radio that works on batteries (most contain four), and you THINK you need to replace all of the batteries, try this first:

Remove only one battery at a time, and insert a new one. If this doesn't change the speed, sound, etc., most likely the one you removed is still good! Put it back, and continue from there.

Most times, all you need is one new battery—not four! Also, often the end of a battery can be sanded with your wife's emery board or a piece of sandpaper, thus bringing better contact through all the batteries.

This also works in multiple-type flashlights.

Tommy P.

He's right! Now, WHY hasn't someone thought about that before?

When you get all new batteries, it is a good idea to substitute your old ones (one-at-a-time) to see which one is dead. Eh?

Heloise

Dear Heloise: A pretty and most helpful hint for keeping wide-necked dresses on wire hangers, is putting colorful, spring-type clothespins on each side, at the top of the hanger, after the dress is on the hanger.

The clothes rack looks pretty with the colored, plastic clothespins, and the dresses hang evenly.

I cut off the tapes inside (on the shoulders) of the dresses, so I am not bothered by them working out from under the shoulders when I wear a dress.

Mrs. Harry Moak

Dear Heloise: Did you know that bread will cling to pork chops, chicken, etc., much better if the

meat is coated, and put in the refrigerator for a few hours before frying?

'Tis true. Try it.

Jennie

True.

Heloise

Dear Heloise:

I wonder if mothers are aware that they can buy a six-unit muffin pan?

When it comes time to feed my baby, I put the different fruits, vegetables and cereal in each little, individual section, and in the empty ones I pour some water. I put this on the top shelf in my oven on low heat.

This way the food never gets too hot, and I have only one pan to wash.

Colleen Crosby

Dear Heloise:

Those white, paper mache flower pots, which are used by greenhouse men to dress up their plants for display, make attractive and handy-sized bathroom wastebaskets.

They can be used as is, or painted to match any decor. After all, they are waterproof.

O. B. W.

# Film Program Friday Night At Adventist Church

The effects of religious training in the home will be dramatically shown at the Escanaba Seventh-day Adventist Church, 210 S. 23rd St., in a motion picture scheduled for 7:45 p.m. Friday, Oct. 8.

The film, "The Bible on the Table," is a 30-minute presentation prepared by Family Films which shows the effects of daily family worship in the home.

M. F. Grau, Lansing, state director of the Sabbath schools in Michigan for the Adventist Church, is bringing the film to the local church.

Another film that will be shown the same evening is "Daybreak over Africa." The high points of this film include shots of African big game, famous Victoria falls, "fucky-balled" women, and the latest in 1953 African fashions.

Arrangements for the films showing were made by John Erhard, pastor of the local church, who announced that the program is open to the public. There is no admission charge.

## Rites Held For S. Stauffer

Sylvester Stauffer, 74, who had a summer home near Blaney Park and spent winters in Sarasota, Fla., died suddenly at 4:30 p.m., Oct. 1 at the home of his daughter, Mrs. Barbara Christiansen in Birmingham. He was enroute to Florida.

Mr. Stauffer, a retired maintenance superintendent with Greyhound Lines, was born in Germfask Feb. 25, 1891.

Surviving are his wife, Leda, a son, Gordon, his daughter, three sisters, Mable E. Stauffer, Germfask, Mrs. Austin (Laura) Diller, Manistique and Mrs. John (Pearl) Cameron, Blaney Park, and six grandchildren.

Services were conducted at 10 a.m., Monday from Basal-Lynch Funeral Home in Rosy Oak.

## OES Honors Substitute Group

At the Order of Eastern Star meeting Saturday night, substitutes were honored.

They were Meses. Lester Richards, Malcolm Nelson, Eric Tornberg, G. L. Bouschor, Vilas Young, Wayne Richards, James Fyvie, Ludwig Hough, Helen McGlothlin, and Meses. William Cook, Keith Bundy, William Mueller, Mauritz Carlson and Graydon Stone.

Refreshments were served by Mr. and Mrs. Ernest Eckland, Mr. and Mrs. Stanley Carlson and Mrs. Dorothy Sawyer.

OES officers will attend the grand chapter meeting Oct. 12-14 in Grand Rapids. Going will be Mrs. Marvin Fredericksen, Mr. and Mrs. Clifford Cool, Mr. and Mrs. Clarence Johnson and George Chvala.

## Elks Will Hold Whitefish Feast

The Elks Club will hold a meeting Wednesday at 8 p.m., and have a whitefish feast afterwards. A trustees' meeting at 7:30 p.m., precedes the meeting. Whitefish liver soup followed by fried whitefish livers with Swedish rye bread will be prepared by "Chefs" Ed Mathson, Ted Hentschell and Gerald Anderson Casey.

## Soil Conservation Program Given For Rotary Meeting

Roger Howell, conservationist for the Schoolcraft Soil Conservation district spoke on the organization and functions of the district at the Rotary meeting Monday.

He noted the program means using land to highest capabilities and treating it according to its needs for protection and improvement. A variety of benefits derive from it, he pointed out.

Farmers practicing soil conservation have higher income from their lands. Urban benefits other than general economic improvement of the area include soils reports for home builders, water disposal consultation and flood prevention.

## Briefly Told

Mrs. Eugene Calvert, Gulliver Lake, was taken by ambulance to Schoolcraft Memorial Hospital at 9:20 p.m., Oct. 3.

Four members of the Schoolcraft Assn. for Retarded Children attended the meeting of the Delta Chapter Monday night.

Mrs. Bertha Johnson, 67, of Rte. 1 was treated at Schoolcraft Memorial Hospital for injuries received in an auto accident at 5:20 p.m., Saturday on a Manistique Township road near Snyder Creek. The car went out of control on a curve and into a ditch, State Police said. Mrs. Johnson was ticketed for violation of the basic speed law.

A car driven by Thomas Brown, 33, of Clawson was damaged at 5:50 a.m., Sunday when it hit a deer on U.S. 2 in Mueller Township.

The Social Club meets at 8 p.m., Wednesday in the home of Mrs. Ethel Nelson, 165 River St.

The Goodwill Club meets Thursday at 2 p.m., in Maple Grove Hall. Pot luck lunch will be served.

State Police ticketed Orville Gonder, Rte. 1, expired operator license; Dale L. Neil, Farmington, Patrick I. Neal, Kincheloe AFB, Daryl Lee White, Royal Oak and Eric A. Bourdo Jr., L'Anse, speeding.

Fine of \$10 and costs of \$7.30 were assessed in Justice Court to Thomas Brancalone, Detroit, for hunting waterfowl with unplugged magazine in shotgun capable of holding more than three shells.

Ernest Anderson, 45, of Otter St. was found guilty in a Justice Court trial on a Public Safety Department charge of furnishing beer to minors. Fine of \$100 and costs of \$4.30 and a 30-day jail sentence were levied.

St. Cecilia Circle meets Wednesday at 8 p.m., in the home of Mrs. John Borko.

## Boeing Workers Ratify Contract

SEATTLE (AP) — Boeing Co. machinists from Cape Kennedy, Fla., to Seattle went back to work today under a contract providing for a six-month study of possible revisions in the company's performance analysis system.

They voted by an 8-1 margin Monday to accept agreement hammered out here with the aid of federal mediators, ending a 19-day-old work stop of 35,000 production workers.

The Machinists Union failed to achieve its demand for a union shop, but the company agreed to another major demand — that dependents be brought under hospital-medical-surgical coverage. Boeing will pay \$7.50 per month in the first two years of the three-year contract and \$10 per month in the last year for each employee who elects this coverage. An employee with an average family will pay about \$19.

The union will be free to strike again after six months if agreement is not reached on performance analysis, the system by which the company grades employees for promotion, demotion or discharge. A company union committee will study it.

Agreement on wages and an additional paid holiday — making a total of nine — was reached before the strike.

## MHS Government Classes 'Cover' Official Meetings

Government classes at Manistique High School taught by J. L. Giovannini will attend meetings of governmental bodies as a part of their studies. Government has been expanded into a full-year course at the High School.

The City Councils, and Boards of the townships, schools and the county will be attended by student observers, who will make written and oral reports on the sessions. Students will meet with county officers, attend Circuit Court, and as in the past "take over" city and county government as a part of Michigan Week Observance.

Chairmen in charge of the several units are:

Germfask — Penny Hendrich and Mary Ann Rutherford; Doyle — Delores Neef and Gloria Letson; Manistique — Shirley Hubble and Mary Dougherty; Hiawatha — Steve Fish and Dan Sikarskie; Thompson — James Munson and Laurel Archey.

Mueller — Valerie McLeod and Sally Lee; Manistique city — Diane Beaudry and Maurine Creedon; County — Carole Carrick and Linda Sundeen; plus two girls (Junior Class) who will cover meetings of the Inwood Township Board and the School Board at Cooks.

## Hospital

Admitted to Schoolcraft Memorial Hospital on the weekend were Albert Backman, Gulliver, James Marks, Rte. 1, Martin Novak, Germfask, Bertha Johnson, Rte. 1, Sam Burns, Germfask, Karen Staeger, 119 Lake, Jerry Profier, Flint, Mina Clark, Engadine, Jean Calvert, Gulliver, Alta Edwards, Germfask, Thomas Barham, 543 Main.

Discharged were Bonnie Mercier, Beverly Popour, Sissette Minor, Randy Richards and Janice Plesscher and baby.

## Church Events

**WCS Meeting**  
A panel discussion "War on Poverty" is scheduled at the meeting of the First Methodist WCS Wednesday at 8:30 p.m. E. E. Wuehle, Walter Minor and Dean Rhoads will explain needs and solutions. The meeting in the church basement is open to the congregation and the public. Refreshments will be served.

**Family Supper**  
A smorgasbord family supper will be held at First Baptist Church at 6:30 p.m., Saturday, Oct. 9. It will be sponsored by the BYF. A free will offering will be taken.

**Guest Sunday**  
The Rev. Dan Henderson of Mississippi will be guest speaker at First Baptist Church Sunday, Oct. 10.

## Peninsula Potpourri

**MENOMINEE**—Citizens turned out Sunday afternoon to pay tribute to the DAR Boys' Club on its 50th birthday.

**IRON MOUNTAIN** — Construction of the First Lutheran Church was set back Monday when a 50-ton crane tipped over and crashed into the building while lifting concrete units to the roof. Damage was estimated at thousands of dollars to the building and crane.

**MARQUETTE**—Four firemen injured fighting the blaze at the Clifton Hotel Saturday were in satisfactory condition today although one of them, Joseph Johnson still was hospitalized for treatment of smoke inhalation. Damage was estimated by Steve Petros, who with his mother, Mrs. Angelina Petros owned the hotel, at more than \$150,000, all covered by insurance. Only the walls of the 4-floor, 32-room building stand.

**CALUMET**—Meetings began in Chicago Friday on settlement of the United Steelworkers strike at Calumet & Hecla's copper mines here, now in its 7th week.

**MENOMINEE**—A crew of the U. S. Lake Survey is checking Green Bay waters in the Sturgeon Bay and Oconto areas to update navigation charts. The workers use three 14-foot boats with outboard motors and hope for good weather.

**ISHPEMING**—City planners, wrestling since summer with the problem of downtown traffic control, came up with a recommendation for one-way traffic at their last meeting.

**MARQUETTE**—Greater Marquette United Community Chest's campaign used a "blast-off" to get its drive underway this year instead of the traditional "kickoff." The workers are "astronauts" and they're trying to get the \$50,000 chest goal into orbit.

**MUNISING** — Prize money for the North American Snowmobile Championship to be held here Feb. 11-13 will total \$3,000. Events will include the Grand Island 35-mile cross country race and a snowmobile parade in downtown Munising.

## Walks On Road; Youth Injured

David Phalen, 16, suffered a bruised hand when he was struck by a car driven by Clifford Dubord of 321 N. 19th St., Escanaba, in a traffic mishap on County Road 420 a short distance west of the Escanaba River bridge at 7:20 p.m. Monday, it is reported by State Police of the Gladstone post.

Officers said that Phalen was walking on the roadway with two other youths. Dubord was driving west on the county road and had come over the crest of a hill just before the accident. Phalen was treated by a Gladstone physician.

State Police received a report from Levi LaVerne of Plymouth, Mich., that his summer home near Perkins had been entered. Two juveniles were apprehended and will be referred to juvenile court.

Markers in Gardens of Rest Cemetery were damaged by vandals, it was reported by Verne Reno, caretaker; and Mrs. Clarence Theoret of Gladstone Rte. 1 reported the theft of a girls' bicycle Sunday evening.

Traffic tickets were issued by State Police to Harold Stokes, 212 S. 19th St., Escanaba, failing to yield the right of way; and to Agnes Willis, Rapid River, no operator's license.

## Senator Blasts No-TV Policy On MSU Football

LANSING (AP) — A state senator said Monday the University of Michigan and Michigan State University should lead a fight to pull the Big Ten out of the National Collegiate Athletic Association because of what he called the NCAA's "archaic and unreasonable policy involving television of football games."

Sen. Roger Craig, D-Deerborn spoke as the Senate was approving a resolution to ask U-M to televise its game Saturday with MSU.

Craig had asked U-M Athletic Director Fritz Crisler last week to explore television for the sold-out game. Crisler replied that under NCAA rules, the game could be televised only if the host school operated an educational television station and used it for the telecast.

Unlike MSU, which operated last year's game U-M televised no educational television station. "What gripes me is this dictatorial attitude of the NCAA," said Craig. "The people of this state are entitled to see this game and there aren't any tickets to be had for love or money."

# GLADSTONE

## Combined C-C Is Suggested

The Gladstone Chamber of Commerce in dinner meeting Monday night heard the suggestion that for the benefit of the area a combined Gladstone-Escanaba Chamber of Commerce might well be considered.

The suggestion came from Walter Lewke, manager of the Escanaba Chamber, who with John J. Mitchell, past president of the Escanaba C-C, were the speakers.

Consolidation of the Chambers of Commerce of the two communities would have definite advantages and benefits for all of the people of the area and is "something to think about," Lewke suggested.

Lewke commended the Gladstone Chamber for its success in bringing new industries to Gladstone and encouraging existing ones to expand; cited the industrial recognition program and the creation of Wilderness Park as projects of which they should be justly proud.

About 40 persons attended the dinner program with Robert Malnor, Chamber president, as toastmaster. The arrangements committee had Dr. David Jandrow and Clarence Deslisle as co-chairmen.

Mitchell reported on the accomplishments of the Escanaba Chamber and in particular commended four committees for their outstanding accomplishments: The Senior Citizens with John Bartella chairman; Membership with Arthur Arche and Mel Oslund, co-chairmen; Retail, Jim LeGault chairman; and Tourism, headed by Walter O'Brien.

There are returns to a community far exceeding those received from the paid staff of a Chamber of Commerce because they are an agency through which many people contribute to make the community a better place in which to live and to do business.

Mitchell called for support and encouragement of Chambers of Commerce because they are an agency through which many people contribute to make the community a better place in which to live and to do business.

## In Service

Clinton Butler, son of Ben Butler, 221 S. 9th St., has been promoted from Captain to Major in the U.S. Air Force. Major Butler is currently stationed at Wright-Patterson Air Force Base, Dayton, Ohio. He has been in the service for 13 years.

## Personals

M. and Mrs. Ray Gorlitz of Ypsilanti are spending a week here bow and arrow hunting and visiting with relatives and friends. They are guests at the William LaCroix home. Mrs. Gorlitz is the former Elaine Schram.

## Local Link To Papal Vehicle

Robert Peterson, of Chicago, the designer of the custom coach which carried Pope Paul during his stay in New York, is the son of a former Gladstone resident, Mrs. Carl Peterson, of Norridge, Ill., who was Edna Butler before her marriage. He is also a nephew of Ben Butler.

The car, a 1964 Lincoln, was designed and customized by the Lehman-Peterson, Inc. in Chicago. Work on the special parade car was started Sept. 22 and finished Sept. 30. The car was then shipped from Chicago to New York in time for the arrival of Pope Paul VI on Monday.

Included in the special features designed for the car by Peterson were a public address system, special lighting, a semi-bubble top and a raised rear seat.

## In This Corner

with Ray Crandall

Gary Larson, junior fullback who scored one of Gladstone's touchdowns in the 14-14 tie with Stephenson Saturday, is the son of Gilbert Larson, captain and quarterback of the 1928 Rock High School team that captured the state Class D championship with an undefeated record. . . The senior Larson scored 156 points during that campaign.

The Negaunee Miners startled Upper Peninsula football followers with their 25-0 triumph over Ishpeming Friday night. . . Negaunee scored its four touchdowns in a devastating first half attack with John Argall ripping off TD runs of 29 and 21 yards enroute to a 115 yard total in the game. . . In all, the Miners gained 246 yards rushing to 63 for the Hematites.

Iron River not only played Kingsford to a near standoff in their 7-6 Menominee Range battle last weekend, but the Redskins outgained the Flyers in the statistical department. . . Coach Al Sandona's Redskins chalked up 146 yards rushing and passing to 126 for the Flyers. . . Chris Alberli crunched out 112 yards in 28 carries, including a plunge for the extra point in the third quarter that proved to be the margin of victory. . . Kingsford's touchdown came on a 20 yard pass from Tom Johnson to Jeff Franson. . . Iron River scored in the fourth quarter on a 24 yard run by Jeff Stokski.

Ironwood maintained its undefeated status in U. P. football with a 13-0 decision over Calumet. . . The Red Devils scored on the final play of the first half with Don Kolvisto and Marty Murto hooking up on a 66 yard pass play. . . They added their other touchdown with 56 seconds left in the game as Steve Slining raced 27 yards to paydirt. . . The victory was Ironwood's fifth of the season.

Tom Domres, ex-Gladstone prep star, again came in for strong words of praise from Coach Milt Bruhn after the University of Wisconsin Badgers upset Iowa, 16-13, in Big Ten action at Madison Saturday. . . Domres was credited with an outstanding defensive game from his middle guard position and threw one of the key blocks on a 49 yard punt return for a touchdown by Tom Brigham.

Charlie Perryman, bowling for the Daily Press team in the City League at the Holiday Bowl, joined the elite ranks of Escanaba sharpshooters when he covered the almost impossible 7-10 split Monday night. . . Perryman will be awarded a shoulder patch for his accomplishment by the ABC.

George Brunet, Copper Country native who pitched for the California (Los Angeles) Angels this season, finished with a 152 earned run average, ninth best in the American League. . . Brunet won nine and lost 11 while pitching 193 innings. . . He allowed 144 hits and 67 walks while striking out 186 batters.

Andy Hytinen, the former Treenary boxing enthusiast whose three sons (Roger, Curt and Jim) were standout Golden Glovers in past Upper Peninsula and Wisconsin tournaments, has a new heavyweight prospect. . . Ron Winkler, 203 pounds and 6 feet 4, made his first start in the recent amateur show at the Milwaukee Eagles Club and scored a sensational second round knockout over Ron McCudden, 227 pound Milwaukee heavyweight. . . Winkler is a 21 year old senior at the University of Wisconsin-Milwaukee.

The Crystal Falls Trojans, gradually gaining recognition as the No. 1 football team in the Upper Peninsula, left no doubt as to their superiority in the 25-0 victory over L'Anse. . . Playing in a sea of mud after the game had been postponed 24 hours, the Trojans slugged out 295 yards on the ground and added 35 in the air. . . They limited the Hornets to 14 yards rushing and 5 passing and held L'Anse without a first down. . . In fact, the Hornets were never able to get past their own 30 yard line. . . Jerry Bortolini scored twice as Crystal Falls notched its fifth straight triumph.

Coach Ron Rubick's St. Ignace Saints remained unbeaten in four starts as they measured downstate Alpena Catholic, 25-7, in a Straits Huron Conference battle. . . Fullback Phil Robinson blasted for two TDs while quarterback Barry Pierson hit on 8 of 19 passes for 45 yards, including one for a touchdown, and ran for another tally.

Coach Bill Earle's Munising Mustangs remained a strong contender for Great Lakes Conference honors with their 25-7 victory over Newberry, triggered by halfback Paul Seglund's two touchdowns runs of 38 and 3 yards. . . The Mustangs are 2-1 in the GLC and 4-1 overall.

## Speed Was Big Factor In Twin Pennant Drive

By MIKE RATHET

MINNEAPOLIS (AP) — There's little doubt that the Los Angeles Dodgers have the edge in pitching and the Minnesota Twins have the edge in power but the big question as the World Series approaches is: Who has more zip?

While acknowledging that Maury Wills, the sparkplug Dodger shortstop with 94 stolen bases, is in a class by himself, Minnesota Manager Sam Mele points out that speed was one of the main factors that made American League champions out of last year's sixth-place Twins.

"I don't believe there is a team in our league that can compare with the Dodgers," Mele admitted. "But we've got some guys of our own who can run, and we intend to go for the extra base every chance we get. . . I'd have to say that we've won from 10 to 15 games because of heads-up running."

Wills is unquestionably the leader in stolen bases but Mele's point has statistical backing.

The Twins, who stole only 46 bases in 1964, doubled that total this year with 91. That compares with 107 for the Dodgers, more than half of that Wills' total.

But the Twins do have speed in shortstop Zoilo Versalles, 1st

whose 26 stolen bases are more than any Dodger with the exception of Wills; right fielder Tony Oliva, and center fielder Jimmie Hall.

As for pitching, the Dodgers' big three of Don Drysdale, Sandy Koufax and Claude Osteen has the statistical edge over the Twins' top three of Jim Grant, Jim Kaat and Camilo Pascual.

Drysdale had a 23-12 record with a 2.78 earned run average during the regular season. Koufax was the top winner in the majors with a 26-8 record and a 2.04 ERA and Osteen, although only 15-15, had a 2.79 ERA better than any of the Twins' starters.

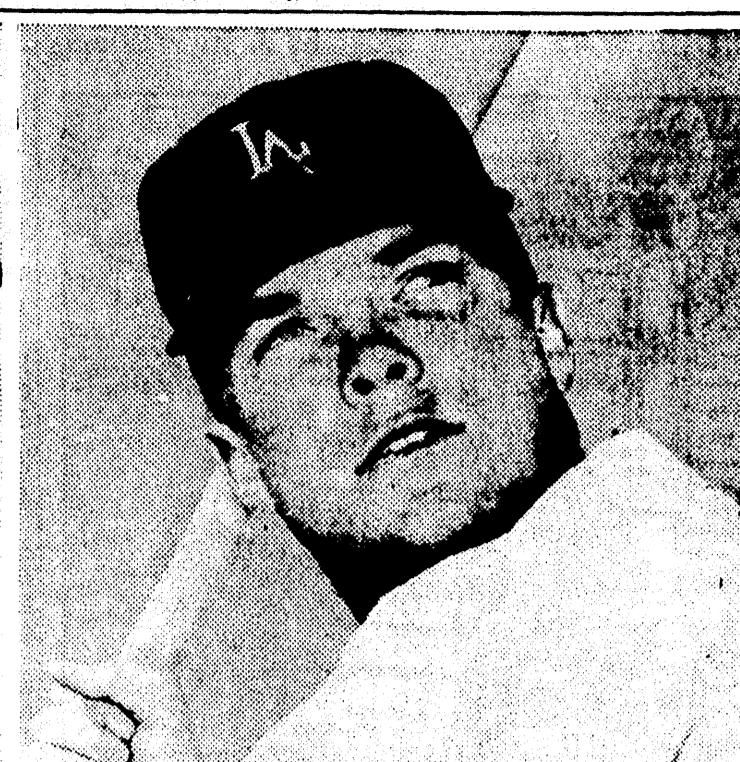

Grant was the AL's top winner with a 21-7 record but his ERA was 3.30. Kaat, 18-11, was best among the big three for the Twins at 2.82. Pascual, recuperating from an operation, had a 9-3 record and a 3.35 ERA.

In the power department it's the Twins. Six players hit 16 or more homers — Harmon Killebrew 25, Bob Allison 23, Don Mincher 22, Hal 20, Versalles 19 and Oliva 16. Two Dodgers managed 12 — Lou Johnson and Jim Lefebvre.

The Twins also have the AL batting champ in Oliva, who hit .321 — 35 points higher than Wills, the leading Dodger regular.

**DODGERS' DOERS** — These Los Angeles Dodger stars helped make the season successful for manager Walt Alston. Upper left, Jim Lefebvre, top right, was a brilliant rookie

second baseman. The established order consisted of bottom row, left to right, Maury Wills, Don Drysdale, John Roseboro and Sandy Koufax.

## Dodger Pitching May Sweep World Series

MINNEAPOLIS (AP) — "Win It All, Twins," the signs here implore, but the feeling is Minnesota may not take a single game from the Los Angeles Dodgers, whose matchless pitching may perpetrate a four-game sweep by the National League champions.

In 1963, the same Dodgers, behind the dazzling pitching of Sandy Koufax, Don Drysdale and John Podres, stunned the New York Yankees in four straight, Koufax and Drysdale are still around, more menacing than ever. Podres has been replaced on the Big Three by another southpaw, Claude Osteen. Osteen's 15-15 record for the

campaign is a modest one compared to Koufax' 26-8 and Drysdale's 23-12, but Dodger Manager Walter Alston is mindful that when Osteen pitched for Washington in the American League, he defeated the Twins six times without a loss.

**Pitching 90 Percent**  
Minnesota's Jim (Mudcat) Grant, Jim Kaat and Camilo Pascual do not exactly comprise a sickly trio but not even the most avid American League rooter would put them in the same class with K, D and O.

Pitching, as everybody concedes, is 75 per cent of the game. In the Dodgers' case, it is 90 per cent. Since good pitching usually stops good hitting, it would not cause too much of a stir if the Dodgers won in the shortest time possible.

The Series, 62nd between the rival league champions, opens Wednesday with Drysdale opposing Grant.

The 30-year-old ace of the Twins' staff posted a 21-7 record during the regular season.

Professional oddsmakers have put up the right-handed Drysdale an 11 to 10 favorite despite the Twins' home advantage. The same betting gentry rule the Dodgers a 7 to 5 favorite to win the Series and will give 15 to 1 against a Dodger sweep. The odds against a Dodgers sweep in 1963 were 27 to 1.

Power must win it for the Twins. Manager Sam Mele will

rely on the heavy hands of Harmon Killebrew, Tony Oliva, Jimmie Hall, Don Mincher, Bob Allison and Earl Battey to offset the Dodgers' superiority in speed, defense and pitching.

**Twins Need Power**  
The Twins own the most powerful attack in the American League. They are reminded of the Milwaukee Braves. Yet Dodger pitching held the Braves' power in check. In the final series between the two teams, Drysdale, Koufax and Osteen held the Braves to three runs in as many games.

The Twins hammered 150 home runs in 1965. The Dodgers hit only 78 to rank 20th in the majors. The Twins out-hit the Dodgers 254 to 245. But the Dodgers were matchless at chiseling out occasional runs and making them stand up.

"I keep hearing that we don't score any runs," observed Alston, "but we usually manage to score more than the opposition. We use what you might call a scratch, slide and steal type of attack."

**Might Change Tactics**  
"We may surprise somebody in the World Series," Alston added. "We might change tactics and even hit a home run or two."

Grant has never pitched against the Dodgers. Neither has Drysdale against the Twins but Don has the advantage of World Series experience. The 29-year-old Drysdale defeated the Chicago White Sox in 1959

and shut out the Yankees in '63. This will mark Grant's World Series baptism.

Drysdale last pitched Thursday. He would have worked in Sunday's finale had the pennant not been clinched the previous day. Grant tuned up for the big one with two innings of relief Saturday.

The majority of the experts pick the Dodgers because of their pitching. Alston plans to use just three pitchers. Sam Mele of the Twins may go with four.

Thursday's match-up figures to be Koufax against Kaat. Sandy, virtually certain to be voted the Cy Young Award, denoting crowning baseball's best pitcher, won his 26th game in pitching the pennant clincher against the Braves last Saturday. He set a major league season strikeout mark with 382 and tied another major league record by winning his fourth straight earned run title at 2.06.

Kaat's 1965 record is 18-11. The third game, first at Los Angeles, next Saturday, will pit Osteen (15-15) against Pascual (9-3).

## Sisler Is Fired By Cincinnati; More Changes

CINCINNATI (AP) — Dick Sisler, fired as manager of Cincinnati's fourth-place Reds, went job-hunting today as Bill DeWitt, president and general manager of the club, promised other team changes for 1966.

DeWitt, disenchanted, first before the season's finale last Sunday was contending for first place, and second, apparently with the way Sisler did his job, announced "with regret" Monday that Sisler would not be rehired. But, added DeWitt, he has been offered "another job" — unspecified — with the Reds' organization.

Sisler, "very, very disappointed," said the other job was not clearly defined during a 50-minute closed session with DeWitt, but he ventured it might be "a scouting position or manager of a minor league club."

In an interview with newsmen, DeWitt showed plainly his chagrin and disappointment in the team and its late-season tumble.

One newsmen reminded DeWitt that coaches Jim Turner and Reggie Otero had submitted their resignations during the final days of the campaign and that DeWitt's dismissal of Sisler now followed.

"What about Jim O'Toole?" — a 17-7 pitcher in 1964 who would up with a 3-10 record in the season just closed? And Frank Robinson, whose batting prowess slumped to a point where, at one time recently, Sisler publicly called on the fans to "lay off of him?"

"I'm not naming names," replied DeWitt, "but the roster next year will be different." He declined elaboration.

Sisler, whose family is in Nashville, Tenn., returned to Cincinnati early Monday as his team scattered to their own homes. Newsmen were not informed in advance of Sisler's meeting with DeWitt, and Sisler greeted them in his hotel suite.

The 45-year-old son of George Sisler, who is a member of Baseball's Hall of Fame, blasted Cincinnati pitching for its failure to come up to expectations. Many experts picked the Reds as an early season choice for the pennant, mainly because of their pitching strength.

Of them all, however, only Jim Maloney and Sammy Ellis were 20-game winners, while O'Toole and other established hurlers, were, in the main, ineffective.

"The pitching just wasn't there and, believe me, this game is made up of pitching," Sisler said.

## Tigers Trade For Pitcher

MINNEAPOLIS (AP) — The Boston Red Sox have opened what they promise will be a busy trading season for themselves by swapping veteran pitcher Bill Monbouquette to Detroit for outfielder George Thomas and infielder George Smith.

"This is the beginning of many trades for us," said Boston Manager Billy Herman whose team finished ninth in the American League.

"We have quite a few things on our minds," said Herman, who is here with Boston club officials for the World Series. "We're negotiating for an even bigger trade which could be completed before the end of the Series."

Monbouquette, a 20-game winner in 1963, was 10-18 with 3.69 earned run average this year. The 29-year-old right-hander started 35 games and pitched 228 2-3 innings. He pitched a no-hitter against Chicago in 1962.

Smith spent most of the season at Syracuse where he batted .258. Thomas hit .213 in 79 games with the Tigers. Both are 27.

Schmitt, offensive end and senior tri-captain, was listed 9th in pass receiving with 13 receptions for 185 yards, also in three games.

The NCAA's College Division statistics were announced prior to Northern's 10-0 win over Hillsdale College last Saturday.

Lambert added 86 yards to his total offense figure against Hillsdale, while Schmitt grabbed three more passes, covering 36 yards. NMU's current 4-0 record is tops in Michigan, and has run the Wildcats winning string to eight in a row over a two-season span.

Saturday Northern entertains Central Michigan at 1:30 p.m. in the Wildcat's annual Homecoming Game.

## Winter Olympic Future Clouded

MADRID (AP) — The International Olympic Committee prepared for its opening session in Madrid Wednesday with thorny political problems on its hands, and an even bigger sports issue to debate — the over-all future of the Winter Olympics.

The question of the Winter Olympics popped up Monday at a meeting between IOC representatives and National Olympic committee men.

Egon Fried, president of the Austrian NOC, asked Avery Brundage, president of the IOC: "There have been reports that the IOC is about to consider the future of the Olympic Winter Games which allegedly have become too big and lost their original character. I would like to

hear from IOC officials how they feel about that."

Conference delegates said Brundage, the 75-year-old American president from Chicago, did not answer the question "and merely passed over to another subject."

Brundage asked IOC delegates in a letter: "What shall we do about the winter games which are no longer an intimate winter sports festival in a small winter resort but have become so large that they can only be held in a city?"

"They are really half a dozen different events, separated by 50 or more kilometers. Moreover, many winter sports have become commercialized. The winter games have lost much of their original character."

The executive board of the IOC will meet today in a closed session with little news expected. Then comes the big opening Wednesday.

The IOC has to vote on the sticky question of whether or not to allow East and West German teams into the Olympics instead of an All-German; South Africa's possible replacement of national flags and anthems by banners of the national olympic committees and trumpet fanfares "to check excessive chauvinism."

## Kaline To Have Foot Surgery

DETROIT (AP) — Detroit Tigers' outfielder Al Kaline will undergo surgery on his right foot Oct. 11 in Detroit. The 13-year major league veteran has been sidelined periodically over the past two seasons with the bad foot, a chronic injury which has been with him since childhood.

## State Football Poll Has New Leader In C Ratings

By The Associated Press

Frankenmuth has displaced Middleville as the leader of Class C-D ratings in the weekly Associated Press football poll and five new teams have made the top ten among the state's elite.

Frankenmuth outpooled Middleville by four votes in the ratings, conducted by the Associated Press board of sportswriters and sportscasters.

Meanwhile, Bay City Central remained on top in Class A and Albion held on to its No. 1 Class B ranking.

Newcomers are Detroit Denby, No. 9 in Class A; Jackson St. John, tied for seventh in Class B; Ferndale, No. 10 in Class B; Ferndale St. James, eighth in Class C-D; and St. Ignace, ninth in Class C-D.

Lansing Eastern, sixth in Class A last week, lost its first game, a 6-0 heartbreak to Lansing Everette.

St. Johns, a 25-14 victim of Hastings, fell from its No. 3 rating in Class B and Willow Run.

No. 5 in Class B last week, was bounced from the top ten by Adrian 27-6.

Flint St. Matthew fell from the No. 7 position in Class C-D and the eighth-ranked C-D team, Reese, dropped a 14-7 decision to Uby to lose its ranking.

Pontiac Central moved into second place in Class A, replacing Battle Creek Central, and Royal Oak Dondero moved from ninth to seventh place.

Dundee moved from fourth to second in Class B, replacing Buchanan and Dowagiac jumped from ninth to sixth place while Kingsford moved all the

way from tenth spot to the No. 5 position.

In Class C-D, Fowler jumped from 10th to seventh place.

**Class A**

1. Bay City Central (3-0) 141
2. Battle Creek Central (3-0) 115
3. Pontiac Central (3-0) 101
4. Ann Arbor (3-0) 93
5. Muskegon (3-0) 79
6. East Detroit (3-0) 74
7. Royal Oak Dondero (3-0) 36
8. Harper Woods Notre Dame (2-0) 29
9. Detroit Denby (2-0) 27
10. Royal Oak Kimball (3-0) 23

Others, in order: Grand Rapids West Catholic, Niles, Sault Ste. Marie, Flint Northwestern, Muskegon Heights, Detroit Mackenzie, Farmington, North Farmington, Detroit Redford, Bloomfield Hills, Grand Rapids Creston, Birmingham Brother Rice, Warren Fitzgerald, Owasco, Lansing Everett, Dearborn, Edsel Ford, Detroit Eastern, Detroit Catholic Central, Benton Harbor, Lansing Eastern, Kalamazoo Central, Detroit Cody, Muskegon Lay, Norrix, Mount Pleasant, Detroit Salesian, Center Line, Ypsilanti, Jackson Parkside, Gull Center, Trenton, Escanaba, Detroit Southwestern and Belleville.

**Class B**

1. Albion (3-0) 115
2. Dundee (3-0) 81
3. Buchanan (3-0) 77
4. Marshall (3-0) 65
5. Kingsford (3-0) 46
6. Dowagiac (3-0) 45
7. The Jackson St. John (3-0) 44
8. Caro (3-0) 41
9. Osceola (3-0) 24
10. Grosse Ile (3-0) 24

Others, in order: Port Huron Catholic, Holly, Hastings, South Haven, Fenton, Allegan, Ecorse, Ironwood, Detroit Cathedral, Vicksburg, Gull Lake, Rockford, Detroit Benedictine, Stambaugh, Wayne John Glenn, Algonac, Detroit Visitation, Menominee, Mount Clemens, Clintondale, Dexter, Romeo, Center Line St. Clement, Midland Bullock Creek, Blissfield, Munising, Plainfield, Dearborn Divine Child, Detroit Holy Redeemer, Monroe Catholic, Willow Run, Battle Creek Pennfield, Detroit Servite, Chio Detroit Redford St. Mary, Saginaw Buena Vista, St. Johns, Allen Park Cabrini, Hamtramck St. Ladislau and Paw Paw.

**Class C-D**

1. Frankenmuth (3-0) 98
2. Middleville (3-0) 94
3. Galesburg-Augusta (3-0) 75
4. St. Charles (3-0) 63
5. Clinton (3-0) 54
6. Detroit St. Ambrose (3-0) 45
7. Fowler (3-0) 28
8. Ferndale St. James (3-0) 24
9. St. Ignace (4-0) 19
10. Crystal Falls (5-0) 17

Others, in order: Wayne St. Mary, Saginaw St. Mary, Constantine, Bay City St. Joseph, Hartford, St. Joseph Catholic, Flint St. Matthew, Bangor, Houghton Lake, Portland, Flint Holy Redeemer, Adrian Catholic, Detroit St. Catherine, Athens, Grand Rapids Lee, Houghton, Ottawa Lake Whiteford, Lake Linden, Detroit St. Philip, Potteryville, Royal Oak St. Mary, Kalamazoo U. High, Manchester, Battle Creek St. Philip, Wyandotte St. Mary, Hillman, Detroit, Clinton Boysville, Travers City St. Francis, White Pigeon, Hopkins, Coleman, Bay City St. James, Edmore, Climax - Scotts, Ecorse, Scherer, led Detroit with 15 St. Francis Xavier, Mount Clemens St. Mary, Burr Oak, Flint, St. Agnes, Saginaw, Andrew, Bay City St. Joseph, Grant, Danville, Detroit Nativity, Waterford Our Lady of the Lakes and Reed City.

## Badgers Tackle Runnerup Team

By The Associated Press

They are nowhere to be found among college football's Top Ten teams today, but Oklahoma and Wisconsin could be the two most important teams in the country this Saturday.

The Sooners play No. 1-ranked Texas at Dallas and the Badgers take on runner-up Nebraska at Lincoln. If either underdog can spring an upset, it could result in wholesale shuffling in the list of college football's elite.

Just ask fourth-ranked Georgia. The Bulldogs were considered just another club before the season started and raised some eyebrows by knocking off national champion Alabama in their opener. That earned Georgia the No. 10 slot last week and then the Bulldogs whipped Michigan, dropping the Wolverines out of this week's Top Ten.

and jumped six notches up the ladder.

Texas polled 25 first-place ballots and 368 points in voting by an Associated Press panel of sports writers and sportscasters. Nebraska had 10 first-place votes and 355 points from the panel of 40 experts.

The Longhorns trounced Indiana 27-12 and Nebraska routed Iowa State 44-10 last week.

Third in the poll was Arkansas which stretched the nation's longest winning streak to 15 with a 28-0 victory over Texas Christian.

A first-place ballot was worth 10 points, second nine, etc.

The Top Ten with points, and first-place ballots in parentheses:

1. Texas (25) 340 368
2. Nebraska (10) 340 355
3. Arkansas (1) 340 285
4. Georgia (3) 340 250
5. Michigan (3) 340 219
6. Purdue (1) 24-1 182
7. Notre Dame 2-1 172
8. Southern Cal 2-0 108
9. Mississippi State 3-0 47
10. Florida 2-1 46

Others, in order: Wayne St. Mary, Saginaw St. Mary, Constantine, Bay City St. Joseph, Hartford, St. Joseph Catholic, Flint St. Matthew, Bangor, Houghton Lake, Portland, Flint Holy Redeemer, Adrian Catholic, Detroit St. Catherine, Athens, Grand Rapids Lee, Houghton, Ottawa Lake Whiteford, Lake Linden, Detroit St. Philip, Potteryville, Royal Oak St. Mary, Kalamazoo U. High, Manchester, Battle Creek St. Philip, Wyandotte St. Mary, Hillman, Detroit, Clinton Boysville, Travers City St. Francis, White Pigeon, Hopkins, Coleman, Bay City St. James, Edmore, Climax - Scotts, Ecorse, Scherer, led Detroit with 15 St. Francis Xavier, Mount Clemens St. Mary, Burr Oak, Flint, St. Agnes, Saginaw, Andrew, Bay City St. Joseph, Grant, Danville, Detroit Nativity, Waterford Our Lady of the Lakes and Reed City.

**Twyman, Lucas Set Cage Pace As Pistons Bow**

DETROIT (AP)—Jack Twyman and Jerry Lucas sparked a third quarter surge that powered the Cincinnati Royals to a 116-100 over the Detroit Pistons Monday night in the second game of a National Basketball Association exhibition double-header at Cobo Arena.

The Baltimore Bullets mipped the New York Knicks 90-89 on John Kerr's layup with six seconds to play in the first game.

Twyman led the Royals with 21 points and Lucas added 16. Player-coach Dave DeBusserre led Detroit with 15 points.

In the first game, Baltimore rallied behind Willie Somerset and Gus Johnson, who scored 26 points apiece. Bob Boozer had 17 points for New York.

## Warrior Cager Has Operation

SAN FRANCISCO (AP)—Fred Hetzel, All-America basketball player from Davidson now with the San Francisco Warriors of the National Basketball Association, underwent surgery Monday for repair of a severed tendon in the little finger of his left hand.

St. Mary's Hospital reported his condition good Monday night.

He probably will be sidelined for about six weeks, including the first month of the regular season, opening Oct. 15.

## Duffy Worries About Michigan Offense Threat

EAST LANSING (AP)—Working to contain Michigan's "explosive offense" will be Michigan State's No. 1 aim this week, says Coach Duffy Daugherty.

At the start of Michigan-Michigan State week Monday, Daugherty told sports writers that the Wolverine attack is simple and yet versatile — "that's what makes it effective."

He cited Michigan's running passes and power sweeps as the ingredients of an attack that has "moved the ball without much trouble."

"It's just that they've made some mistakes," said Daugherty, alluding to some of Michigan's fumbles.

Daugherty said playing the game at Ann Arbor would be no disadvantage because "we look on it as a home game just as I'm sure they do when it's here. The crowd is split about evenly so there's no advantage for the home team."

After three weeks of play, which have left Michigan State as the Big Ten's only all-winning team, Daugherty remarked that "in August none of us thought

we'd be in this position.

"We had so many problems at the start, there was no way to say for sure if we'd win any given game. But most of the problems have been resolved fairly well."

"Obviously we've made some mistakes," he said. "But none has been from lack of effort. This team plays with intensity and has simply played over a lot of its mistakes."

In Monday's practice, defensive halfback Don Japuna, rover back George Webster and linebacker Charlie Thornhill were hobbling with knee and ankle injuries.

Daugherty had his regular running in just sweat clothes Monday, learning Michigan's offensive and defensive patterns.

## Can Detroit Lions Keep Going On Defense Alone?

DETROIT (AP)—Can the Detroit Lions keep winning on defense alone? Coach Harry Gilmer isn't sure, but he'd like some offense for a change against Baltimore on Sunday.

Meanwhile, the Lions' locker room remains quiet — victory after victory. The defense is too tired to cheer. The offense has little to cheer about.

It has been that way all season. Detroit is tied with Green Bay, both 3-0, for the Western Division lead in the National Football League. But the offense has been unremarkable.

The Lions beat Los Angeles 20-9 in a strong defensive showing. Minnesota lost 31-29 on a last-second pass intended for

Quarterback Milt Plum thinks Cogdill might help.

"He's just the best pass receiver in football, that's all," Plum said.

"I'll take the heat off Terry Barr," agreed Gilmer. "Our opponents have been able to concentrate on him."

"I'm sick of hearing about how rotten the offense is," said All-Pro offensive guard John Gordy. "Not mad. Sick. Because we are pretty bad."

Offensive guard John Gonzaga added: "What really hurts is that man for man we're as strong up front as any team in the league. What do we need? Man, I wish I knew."

So does Gilmer.

"It's surely nice to have such a good defense, though," the coach said.

**Best Threesome**

ST. LOUIS (AP)—Kel Nagle of Sydney, Australia, Julius Boros of Southern Pines, N.C., and Billy Casper of Peacock Gap, Calif., formed the best threesome the first day of the U.S. Open at Bellevere.

Their scores of 68, 72, 73, respectively, were two strokes better than the threesome of amateur Deane Beman of Bethesda, Md., Gary Player of Johannesburg, South Africa and Tommy Jacobs of Bermuda Dunes, Calif.

Beman had 69, Player 70 and Jacobs 76.

However, after four rounds (72 holes) Player tied Nagle at 282 and then beat Nagle in the playoff, 71 to 74.

Michigan State and Syracuse will resume football with a home-and-home series in 1973 and 1974 after a break of 21 years.

## Mexican Champ Boxer Of Month

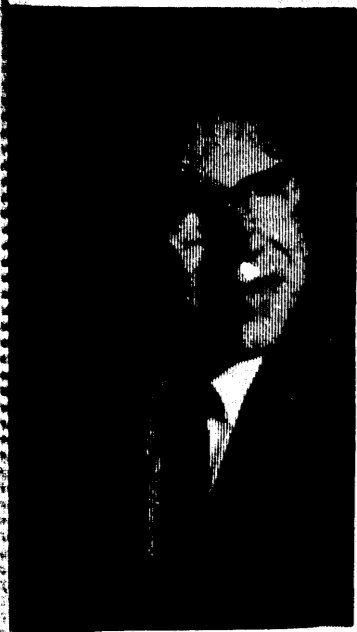

PHOENIX, Ariz. (AP)—Mexico's Vicente Saldivar has been named the World Boxing Association's Fighter of the Month following successful defense of his featherweight title against top-ranked challenger Howard Winstone in London.

There were no major shakeups in any of the WBA's ratings for October.

"It's not recommended for children—only for adults with childish minds."

## Conemico Will Get Millions To Aid Lake States

By JEAN WORTH

The greatest economic development program ever enacted for the northern Great Lakes States has been passed by Congress and signed into law by President Johnson with little notice in Washington or in the area involved.

The legislation is Senate Bill 1648, the Economic Development Act (EDA) and it authorizes a series of regional planning areas like the billion dollar Appalachia in the southeastern United States, of which the Lake States unit would be Conemico.

The word is a composite and stands for "Copper Country, Northeastern Minnesota and Indianhead Country." The other economic development regions proposed by the bill are Osarka, New England, Great Plains and Four Corners, which last would include parts of Colorado, New Mexico, Arizona and Utah.

Succeeds ARA

The EDA is a successor to ARA, the Area Redevelopment

Administration which was considered such a failure in Washington that Congress refused to extend it in 1953.

Under EDA, following the regional development concept created in the Appalachia experiment, the money is not for the poor, but to create a healthier economy which will make it possible for the poor to help themselves. Planners are authorized to select for favored federal treatment cities under 250,000 population which possess potential for growth.

The stimulation given to the cities selected for the federal promotion pump is expected to nourish them while it causes the neglected communities to wither even more rapidly.

\$660 Million Fund

EDA is authorized to spend \$660 million in its first installment, but it will get as a beginner only \$15 million to be used to organize the regional study groups which will create the plans and ask for the federal grant of funds to activate them. Some Congress observers expect the program to reach a

total yearly budget of \$3 billion within five years.

The regional planning authorities grew out of the federal government's aid to Appalachia and more are to follow, clamoring for federal funds in a way that is expected in Washington to create a continuing pressure on Congress for money.

Uncle Sam Pays

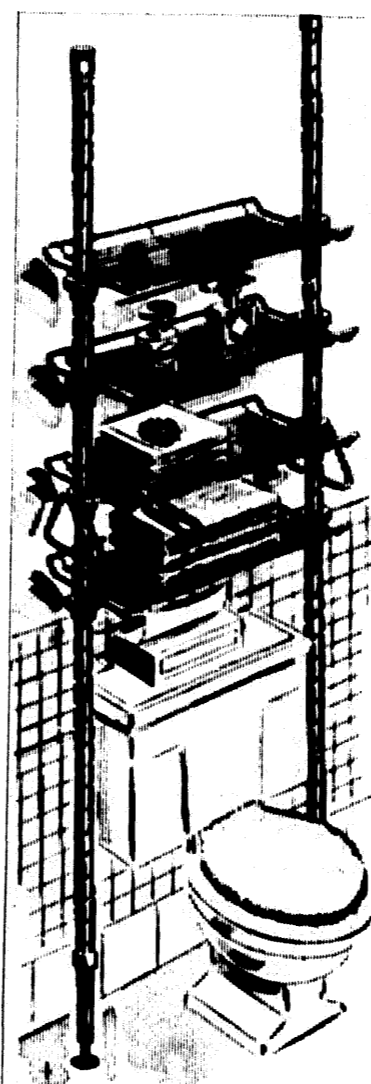

Each region is entitled to a commission with members appointed by the states and federal government and Washington pays all the bills for two years. The study period is not apt to be prolonged because some of the strongest movers in Washington are anxious to get going. One is Senator Pat McNamara (D-Michigan) chairman of the very influential public works committee.

Washington was amazed that such broad authority for such huge spending could be accomplished with so little opposition and with so little public notice. Should all the states and parts of states suggested for inclusion in regional planning agencies finally get into one there would remain only the states of New Jersey, Florida, Indiana, Iowa, Nebraska, Nevada, California and Mississippi outside the fold. Mississippi is at the bottom of the national economic totem pole in everyone's survey.

- Easy to install... needs no vent

Enjoy all the hot water you need—Wards deluxe-quality, slim-line electric provides more hot water at the temperature you set! With automatic energy cut-off in case of over-heating; power-saving heat trap; standard or high-recovery elements.

**40-GAL. MODEL, REG. 79.95... \$64**

## 30-GALLON ELECTRIC HEATER

30-gal. electric has the same quality features as above; is ideal for those needing a smaller capacity.

**\$74** REG. 89.95

**\$54** REG. 69.95

## 10 YEAR FULL GUARANTEE

You get a new heater free if tank fails due to defective materials or workmanship within 10 YEARS of purchase date. Installation is extra only after the first year.

## 10-YEAR GUARANTEE

You get a new heater free if tank fails due to defective materials or workmanship during first 5 years. You get a new heater at 50% of current price plus 10% for each succeeding year if tank fails during the last five years. You pay installation charges only after first year.

## SAVE \$15 ON WARDS FINE-QUALITY 52-GAL. ELECTRIC WATER HEATER!

- Automatic—set it and forget it
- Long-lasting glass-lined tank
- Complete fiber glass insulation
- Install anywhere... it's ventless

Here's a good-quality water heater that's easy to own, economical to operate. Completely automatic, it provides good recovery... ample hot water. Features an automatic energy cut-off in case of over-heating. Choice of standard or high-recovery elements.

**\$64** REG. 79.95

## 30-GALLON ELECTRIC HEATER

Perfect for those with fewer hot water needs. Features are identical to our 52-gallon model.

## RIVERSIDE MUFFLERS

**AS LOW AS**

**7<sup>77</sup>**  
'55-'56  
Ford 6 cyl.  
Reg. 8.98

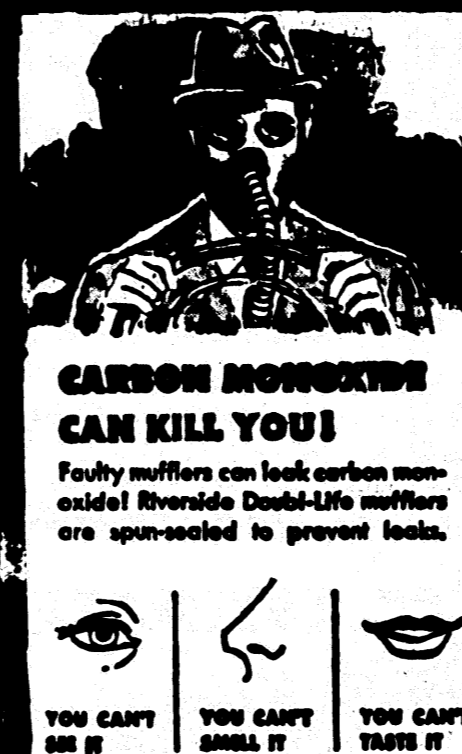

**SPUN-SEALED FOR BEST PROTECTION  
AGAINST DEADLY CARBON MONOXIDE!**

Faulty mufflers are especially dangerous in winter  
because car windows are shut. Riverside  
Double-Life mufflers are fully leak-resistant, rust-  
resistant, zinc galvanized inside and out and  
double wrapped for longer life and greater  
safety. Locked seams assure you better protection.

Here are just a few of Ward's low muffler prices!

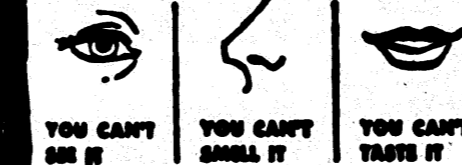

'49-'59 Plymouth.....Reg. 9.95.....**8.88**  
'54-'64 Chevrolet.....Reg. 9.95.....**8.88**  
'60-'63 Ford.....Reg. 10.95.....**8.88**  
'50-'62 Chev. 1/2-ton truck.....Reg. 4.98.....**4.44**

**JUST SAY "CHARGE IT"**

**CARBON MONOXIDE  
CAN KILL YOU!**

Faulty mufflers can leak carbon mon-  
oxide! Riverside Double-Life mufflers  
are spun-sealed to prevent leaks.

**SAVE \$50**  
**All-Frostless budget model**  
**\$229** REG. 279.95

- Fine features... low Ward Week price!
- Completely FROSTLESS top and bottom!
- 13.6 cubic ft. (19.7 sq. ft. shelf area)
- Glide-out crisper; roomy storage basket

**NO MONTHLY PAYMENTS UNTIL FEB. 1966**  
Ask about Wards special 3-year home-appliance credit plan

**All-Frostless upright freezer**

**Why porcelain liners are best for upright freezers!**

Heat is removed from inside the upright freezer by coils in the shelves—and porcelain is the best insulation for keeping it out.

**PRICE SLASHED \$40!**  
**Signature All-Frostless 505-lb. freezer**

**\$239** WARD WEEK ONLY! REG. \$279

- All-Frostless means it's care-free
- Signal light warns of current break
- Interior light; porcelain interior
- Swing-out basket puts food in reach
- Adjustable shelf makes room for bulky packages; door storage

**\$50 OFF!**  
**17 cu. ft. chest model**  
**holds 596 lbs. of food**

**\$199** REG. \$249

**Why Anyline enamel steel liners are best for chest style freezers!**

Heat is removed from inside the chest of freezers. Steel with enamel heat better than porcelain in chest models and it won't chip or crack under heavy supply of food.

**New thin-wall foam insulation means more storage room, less floor space**

- Fast-freeze section; enamel lining
- Two deep baskets; handy juice rack
- Safety signal light; interior light
